Summary: Adopted from Shokazuma. Smut. Getting bored of her relationship with Ares, the Greek Love Goddess Aphrodite decides to dump him and find another man to occupy her bed, so she picks Naruto Uzumaki. However, instead of a happy and goofy original Naruto she decided to bring a dark one from an alternate world to her bed, attracted by his violent and savage nature. Dark/Powerful Naruto.

1. Chapter 1

Yo! Yagami here, this story I adopted from my friend ShoKazuma, because while wanting for this story to continue, he want to stay focus on his main story The Uzumaki Phenex, so I decided to adopt it for him and will start writing my own chapter in chapter 2.

Considering that I took a part in this project as well, the writing isn't that much different.

Hope you will enjoy this chapter

><p>Warning: This story is made of pure imagination of the author's crazy imagination, please don't read if you're not of age, or have problem control your imagination. The author doesn't and will not encourage such things being done by those who mentioned above in real life. I strongly discourage 18- from reading this.

Also for those who are 18 plus, this story contains sexual material not suited for morons that can't tell fantasy from reality. This is a work of imagination like belly bulge, massive dick can release gallon of cum and unholy stamina so don't ask me why I put this warning.

><p>Also, warning for Gore and Extremely Dark tone of the fic.

Remember, you have been warned.

Summary: Smut with plot. Getting bored of her relationship with Ares, the Greek Love Goddess Aphrodite decides to dump him and find another man to occupy her bed, so she picks Naruto Uzumaki. However, instead of a happy and goofy original Naruto, she decided to bring a dark one from an alternate world to her bed, attracted by his violent and savage nature. Dark/Powerful Naruto.

Major crossover with Greek Mythology and the Percy Jackson series.

Multi crossovers.

Will contain elements from the God of War Series game.

**Chapter 1**

**You choose the wrong Naruto**

"WHAT?!" had Aphrodite's palace not been completely and totally soundproofed, that shout would have resounded all throughout Olympus. Aphrodite, The Olympian Greek Goddess of Beauty, Love, Lust, Desire, Sexuality, and Pleasure sat calmly in front of her large vanity mirror, combing her luscious blonde hair with a golden comb, as always wanting her true appearance to be the very definition of perfection. A few feet behind her, her 'lover' Ares mouth agape enough to catch flying sows.

"You heard me Ares," she said not taking her eyes off herself for a second as she continued to brush her beautiful and cloud-like golden hair. "We are done. Over with and to put it more simple for that thick head of you to understand, I dumped you." She listed off as she moved her head closer to the mirror, going over her appearance yet again to look for any mistakes. "Get out and never come back, my palace and especially my bed are no longer for you to share.

Understand?" she asked as she focused on her flawless, but extremely revealing outfit and nodded to herself.

"Youâ€¦ you can't do this to me!" Ares, simply the Olympian Greek God of War shouted, with his anger building up "You're supposed to be my girl for all eternity!" he said clenching his fists. "You're supposed to love me damn it!"

Aphrodite turned her head around and looked at him, suck action was more than enough to make her bra-less boobs jiggled erotically. It was a tempting and arousing sight for the God of War, as his eyes didn't look at her face but glue to her sinfully erotic body.

Aphrodite then laughed with her hand covered her mouth. "Love? Me? Love you? Ha! Don't be ridiculous Ares. Maybe in the past but now, you're just some men in my eyes." She swiped her hair to the side, making a confident smile "Like all those men I have been with, you're merely a tool and have outlived your usefulness to me." She sneered at the stunned war god.

"What the fuck bitch?!"

"You're just some hunk who crashes his chariot every day and not even good at fighting even though you're the God of War, and even at sex you're just _pathetic_." She said turning around to the anger shaking god. "So let's end this little farce before I hurt your feeling even more, okay?" she smiled a sickly sweet smile at him.

Ares snapped, screaming a battle cry as he charged the Love Goddess who merely sighed and shook her head. The wild right hook he threw was dodged easily as Aphrodite, who was still remaining on the chair in front of her make-up table, crouched her head down and used that to send powerful and merciless uppercut that connected with explosive force, sending the War God into and through a wall.

Now, she might not be a fighter, but Aphrodite knew how to defend herself. She workouts every day to keep her true body in the best shape, and some of her past lovers were martial artists that were more than happy to teach her a few simple, yet effective moves.

Combine with her power, they would be simply devastating.

Ares laid there stunned at both Aphrodite's power, which she had never showed in the all times they were together. The violent War God then craned his neck when he heard the click-clack sounds of her heels coming closer. Aphrodite then stomped her heel onto his neck she stood over him, keeping him in place and a sneer on her flawless and beautiful face.

"Poor Ares, didn't expect it from a good little pussy, did he?" she asked with a sadistic smile as her grinded her heel harder down his throat "Now, where are we?" Aphrodite asked sweetly.

She didn't give him time to respond as she proceeded to give it to him.

Unfortunately for him, it wasn't the sexual kind.

Once she was done with him, Ares' body was ravaged, broken in several places. His arm was bent at an odd angle and he couldn't breathe properly due to several shattered ribs. His jaw was broken in two places, his lip split and Ichor flowed like a sink faucet on. His eyes was swollen shut and had a pitch-black color, like a panda.

She smiled to the barely conscious Ares as she kicked him in the sin, sending him across the ground. Her beating had gathered quiet enough attention from the citizens of Olympus, and they were staring at her with wide eyes, for the first time seeing such thing from the sweet Goddess of Love "Should I remind you that while my title is Goddess, I'm actually a Primordial Goddess. Your power is simply a wimp compared to mine!" Aphrodite giggled as she walked to Ares, brought him up with her hand around his neck "If I were a Goddess like Athena or Hera, Zeus wouldn't be that afraid of me you know." Aphrodite started checking her fingernails and almost cursed out when she saw a scratch on her right index finger.

Ares then suddenly coughed up Ichor, some of which got on her face and clothes.

"Bastard!" she hissed angrily, seeing that her image she now was less than impeccable. The Goddess of Love then punched his face, as hard as she could, sending him across Olympus and slamming into Apollo's Palace much to his shock.

Ares should feel lucky that she sent him to Apollo, or else it would take the world a couple of centuries to have meaningless War again.

Now sufficiently calm, she looked over her the hole on her palace and sighed "Oh well." The Love goddess shrugged and walked back into her palace. She then sat down her bed, removing her heels and leaned her back and head against the mountain of pillows behind her "Now on to the more important thing." she said and clicked her finger, summoning a magazine into her hand.

Said magazine was actually a list of the greatest and most powerful mortal men had lived and ever lived, in this world as well as other worlds.

It's common knowledge for the gods, and among gods only, that there are more than one Earth out there, and each Earth is ruled by a different Pantheon. Each Earth is very different from the others, containing endless possibilities as well as countless differences in nature, history, culture. There was this Earth ruled by the Norse Pantheon, a world filled with superheroes with extraordinary powers. Another was ruled by the Shinto Pantheon, where their mortal world were advancing normally without any supernatural activities, as the Shinto Gods and Goddesses chose to silently motivating their world.

Mortal might have their doppelgangers at different Earth, only Divine beings like Aphrodite is unique.

What she was doing right now was finding a new man to replace Ares, someone that would occupy her bed and satisfy her need every night, or anytime she need him to. Aphrodite usually found the evil ones more appealing than the other and luckily enough, this magazine provided just the right one she was looking for.

Since she didn't want to get into trouble for bringing the deaths back to life, Aphrodite went for the men that were still living.

With a click of her fingers, the clothes disappeared, leaving the men in her magazine completely naked.

"Hmm~, let's seeâ€¦ No, cock too small." She flipped to the next page "too muscular." She muttered and flipped through another "Pink? Too girly" despite pink being her favorite color, she didn't one that color on the man she was about to spend a majority of her time around with.

She flipped through page and page, finding most her men in the 'magazine' either had cocks too small, wasn't handsome enough or simply just too fat for her taste. It was very hard to find decent men (in her opinion only) at this timing of era, and unfortunately most of them were gods and after ending her relationship with Ares, she didn't want to start another with another immortal.

Thought, it didn't take her long to find the perfect specimen.

Her eyes nearly bugled out of her head at what she was seeing.

"Holy Zeusâ€¦" Aphrodite gaped as she tilted the book and her head to the side, while his muscular body was absolutely perfect and delicious attractive, the first thing her eyes were fixed to was the thing that dandled between his knee "Fifteen inches?" Aphrodite couldn't stop herself from rubbing her thighs together at the sight of what could be the biggest cock she had ever seen in her entire immortal life. That thing would literally tear any pussy apart "Oh shitâ€¦ those balls." The love goddess literally drooled at the sight of the massive sack connected to his crotch, containing testicles that must be as big as her fists.

With that kind of balls, he could probably cum gallons.

"Holyâ€¦ I feel sorry for your woman now young man." Aphrodite licked her lips sexually as she looked at the age "Nineteenâ€¦ not bad." Her eyes then moved to his personality and instantly dropped her mouth in shock "What the hell?!"

His personally was a major turn off for the Lustful Goddess. Cheerful? Upbeat? Noble? Not to mention a complete idiot (again, in her shallow opinion only) She didn't need any of that from her man thank you very much.

Aphrodite bit her lips and started considering about it. His cock could basically rip her into two, but he was an exuberant individual. He could probably make her belly bloat with his sperm with a single ejaculation, but he was childish and as dense as a rock. His power could make the entire Greek Pantheon, even herself wet in nervousnessâ€¦ but he was an attention loving idiot (once again, it was just her opinion).

This man, physically he was the bestâ€¦ but his personality ruined it all.

"Oh wait!" She then suddenly got an idea and casted her magic several

times onto his page "Ah~, here we go." Aphrodite smirked at what she could read.

If his personality was like that then maybe his doppelgangers, those who shared the same physical appearances but different history, hopefully would have a better personality.

And she found just the right one. Aphrodite was attracted to violent and savage men, and this one made her pussy quiver just by reading his personality.

Line Break

In a blink of an eye, Naruto Uzumaki found himself standing in one of the most glorious Chamber he had ever seen in his lifeâ€¦ totally naked, standing on the stone floor barefoot. But the young man wasn't amused or appeared to be shocked by the sudden change in his surroundings. Instead, Naruto kept his face calm and collected, as he looked around the royalty chamber, observing it with his cerulean blue eye that were sharp and void of emotions.

Naruto had been at many places in his life, but this was one of the most impressive room, or Chamber he had ever seen in his life. In short, the place he was in was huge, pink was the main color and filled with statues of topless or completely naked women. There was a small desk in one corner, with a large mirror with gold frame standing on it, a dresser in another, and the walls were covered with pictures of naked men and women having sex with each other.

Naruto finally realized the room was in truth a giant Bedchamber when he saw a massive bed, circular shaped, and surrounded by lit candles in the middle of the room, there was a lot of pillows and a thin, silky pink blanket. From three sides save for the front, the bed was surrounded by pink and purple curtains that connected with the ceiling. It also appeared to be floating on a small pool filled with hot water, separated from the room but there were stairs apparently made of gold covered in red probe led to it.

And lying on the bed with her back leaned against the mountain of pillow, was a gorgeous, extremely beautiful blue eyes blonde hair woman. She wore an extremely short silver dress that was split from hem to waist, revealing much of her smooth legs and thighs that crossed over the other. The neckline plunged down almost to her navel but the sides were held in place by fine criss-crossed threads that dug into the full, creamy slopes of her huge tits that would have exploded the sides of the dress apart had it not been for the threads.

"Welcome," the woman greeted him cheerfully as she stood up from her bed, standing on her knees. "I'm so glad you could finally join me." She licked her lips at what she was seeing, apparently he was even better than the picture of her 'magazine'.

"Who are you?" Naruto asked, his tone dared her to lie to him "And what is this place?" it was then Naruto realized that he was speaking a language that wasn't his.

"I'm Aphrodite," She smiled and started crawling on the bed, making some sexy movement with her ass. Naruto decided to walk closer and stood beside the edge of her bed "Goddess of Love and Beauty. You're

in my bed chamber on Olympus, the Greek Pantheon's Mountain." Aphrodite was finally face to face with her grand prize, taking a deep breath to take in his scent and smiling at what she got. The corner of Naruto's lips curved up when Aphrodite rolled over and looked at him from underneath, her hands put on his thighs and gently caressed his muscles.

"What could a goddess possibly want from me?" Naruto asked as he looked at her body, something that no women could hope to archive, and even the most beautiful Kunoichi would kill to have.

"You don't seem so surprise, do you?" Aphrodite raised an eyebrow at his calm demeanor.

"I have my reason." Naruto then glared at her "Answer my question." Aphrodite giggled at his forceful tone. It seemed he had something in common with the original Naruto. Absolutely no respect for the higher-ups.

But she liked men like that.

"You have been a very naughty boy, Naruto." Aphrodite said as she rolled around again and kneeled on the bed in front of him. His eyes, of course followed the movement of her giant breasts, liking what he was seeing "Yes, I know what you have been doing lately to your village."

"That's none of your business, Aphrodite." Naruto said.

"I can see that in your actions, after all, I spent the entire day watching your life." She gave him a seductive smile "Apparently, it's no romantic movie... a horror one to be exact."

"Hope you enjoy those shit."

"If I were you, I would have left it behind as soon as possible." Aphrodite made a small laugh "Life isn't that generous to you, is it?"

"That I can manage." Naruto then asked "What do you want from me Aphrodite?"

"I want you to become my servant." Aphrodite leaned back and sexily crossed her leg together, moving her hands on the soft and comfy bed "and in return, I will let you share my bed with meâ€¦ for eternity."

"Hm," Naruto snickered "That is some generous offer you have there, woman."

"Trust me, you won't regret it." Aphrodite smiled "Recently, I just broke up with my lover and in need of another one. You see, I'm also the Goddess of Lust and Sexuality, I need to be pleased sexually to keep myself together, which is very hard to do even for a gods due to me having so much experience in the matter." Naruto looked at Aphrodite as she spread her leg a little, teasingly giving him a glimpse of what underneath "Some mere mortal will never be able to do it but youâ€¦ Naruto Uzumaki, you're different."

"I take that you have seen me with those women."

"Poor Anko and Kurenai, never got the chance to scream before their minds were broken." Aphrodite nodded her head with a seductive smile "A man no? You're a beast, my dear."

"I will take that as a compliment then." Naruto smirked. It wasn't something he shouldn't feel proud of. Here he was, in the present of the Goddess of Beauty, Love, Lust and Sexuality, getting complied by her in the matter that she was no doubt the best "But I take that I'm not your first choice."

"Of course, your doppelganger of another world is actually my first choice." Aphrodite smiled at him "But his personality is a major turn off to me. I like men who are violent, savage and probably know how to keep his place above us women." She glanced at his cock "So I will ask again, will you Naruto Uzumaki, become my servant and lover?"

"What about my life?" if that was anything but life, Naruto couldn't help but ask.

"Don't worry, I will make sure to make it easier for you." Aphrodite smirked "It's just that from now on, you will have a woman that can make sure that beast goes down."

He was no one's servant.

But Aphrodite's offer was tempting. He wouldn't be half the man he is if Naruto refused something like that. Her body alone looked good enough and if she had the skills she claimed to be then it would be one of the best experiences in his life, which so far was nothing but a ton of horse shit.

Noâ€¦ Naruto had a better idea in this matter.

He would use her, first make her his then use her to do whatever he want to do. She's a Goddess, even though her domains are Love and Lust, they could be some very dangerous, possible the most dangerous kinds of weapon if they were put into good use. She teleported him from his home to her Chamber, gave him the ability to speak her language and stripped his clothes without him knowing anything about itâ€¦ that alone spoke volume of how useful she could be to him.

Yes, he would do thatâ€¦ this was a win-win situation for him.

"I seeâ€¦" As if she could read his mind, Aphrodite smiled and laid down to the bed with her hands spread "You know what to doâ€¦"

"You know what Aphrodite?" Naruto climbed on the bed and kneeled above her, almost sitting on her waist. His hands reached out and grabbed her wrists, forcefully bringing them together above her head "You chose the wrong Naruto." He then lowered himself down and crashed his lips into hers, kissing her oh so perfect lips hard and to his surprise, Aphrodite returned with just as much passion.

They kissed, tongues darting into each other's mouths and met in a wrestling battle for dominant.

It was then Naruto realized that she wasn't boasting about her

skill.

He hungrily sucked on her lower lip, before once again invading her mouth with his tongue, forcing her to gulp down his saliva since he was the one on top, his body completely immobilized her underneath him. Aphrodite moaned into his mouth, her breath heaved with her fast breathing, slightly touching against his bare chest.

Even Ares wasn't this aggressive.

The two continued to make out for a few more minutes before Naruto decided to trail his lips down her neck "W-wow~." Aphrodite smiled lustfully as her new man sucked on the smooth skin of her long neck "I know I didn't make the wrong choice." Her moans got louder when Naruto suddenly turned them around and laid on her bed, removing his hand from her wrists and grabbed the threads of her dress, tearing them apart and freeing her tits from its binding.

"And I'm sure as hell I don't." one small, rare smirk appeared on Naruto's face as he looked at her tits. Perfect round orbs of flesh that were defying the law of gravity and standing tall on her chest, looking very tempting with light pink nipple and matching color areolas, perfect in shape and size.

Naruto filled his palms with Aphrodite's wonderful tits, widening his eyes slightly at its softness. They were soft, extremely soft and yet these two girls managed to stay firm and solid on her chest like that. Naruto squeezed them, feeling her nipples harden beneath his fingers. Aphrodite gasped as Naruto pinched her hard nips, tweaking them in that mixture of pleasure and pain that she liked.

With his grip on her boobs, Naruto pulled Aphrodite down to his body and quickly clamped his lips on her small, hard nipples, sucking one then the other as his slowly hardened cock bumped against her g-string covered pussy. Aphrodite moaned out loudly at that, grinding her crotch against his big cock to seek for more pleasure, as the man underneath her played and toyed with one of her most impressive assets.

She knew she brought a monster to the Divine Realm and promised him something that shouldn't be given, immortality butâ€¦ who care anyway? What matter was that he was starting to make her loose composure with his own experience.

Aphrodite then raised her hands and clapped them together, calling for her handmaidens who made themselves known to Naruto by walking out of the shadows.

"Look Naruto," Naruto widened his eyes when he saw the amount of beautiful and attractive women, wearing nothing but torn clothes that completely exposed their round breasts and simply covering their crotch with small white cloth wrapped around their womanly hip, standing around the bed, wearing sexual smile on their face as what they were seeing "They're my handmaidens, the most beautiful women of this world. They serve me and now they will serve you as well. My handmaidens will make sure to keep you busy while I'm not around." The girls started making sexual poses, swaying their breasts or shaking their ass cheeks at him invitingly "Now onto the more important task."

Aphrodite raised herself from him and turned her around, removing what was left of her breasts and putting on quite a good show for Naruto as she slowly pulled it down, showing Naruto the bubble ass cheeks of her ass and finally her G-string covered pussy. Aphrodite then kicked the dress away and lowered her ass down a few inches above his face and shook it, giving the bubble ass cheeks some good jiggle while the Goddess licked her lips at the semi-hard cock in front of her.

"My my, so fucking big." Aphrodite moaned out and finally sat down on Naruto's face, wrapping her hand around the root of his cock and began to stroking it, gasping lustfully as she felt the mass of man meat in with the skin of her hand. Aphrodite then turned around to look at Naruto, which had disappeared under her massive ass "From what I saw, you were never at the receiving end, weren't you?" she smiled "Be creative and work that that pussy." She then turned back to the cock in her hand "And I will make sure to blow your mind."

The blond immediately went to work after hearing that, using his hand to pull the string out of the way, didn't have enough time to wonder how panties could get that small and started licking and slurping around the hard nubbin of her clit, spreading her ass cheeks with his free hand before inserting one finger into her asshole. Aphrodite squealed at that, her pussy and ass contracting around his finger and his tongue as he slid them deep into her holes.

A handjob, that was what she would give him first, as her fingers wrapped around the rim of his flaring purple knob, Aphrodite gasped when realizing she could barely encircle two-thirds of his forearm-thick shaft.

She started stroking the big bulbous head, which was a very sensitive part of his cock, with her fingers tightly clasping the purple skin. Pre-cum soon formed at the tip of his big cockhead, which then started oozing more cum out rather steadily "My myâ€¦ this much with just pre-cum." Aphrodite moaned as she looked at the sticky liquid on her fingers. Aphrodite then moved her lips forward and planted a wet kiss on the head of his cock, bringing his slit to open up and release a large dollop of creamy liquid, then retracted back, only to begin spurting again a few moments later.

Aphrodite maintained her grip and now moved her other hand lower. She lowered her head to his scrotum level and observed the two swollen eggs that were boiling on either side of his muscular thighs.

Aphrodite moved one hand to heft one ball in her palm, marveling at their heavy weight and returned her grip to my shaft, now frantically jerking him off with both hands with fast ten-inch strokes. She was becoming delirious, dying to see just how much he could cum with those balls.

It was his fastest orgasm ever.

Naruto was in such a high state of arousal that he could not hold off the imminent blasts of his cream any longer. His whole body jerked underneath her and the first jet of semen soon rocketed out of his shaft. Aphrodite giggled lustfully as saw the blast of cum and felt the hot jizzs ooze down her arms and drip on her bed.

Two more shots followed and drenched her entire upper arms before Aphrodite decided to aim my cum cannon in the direction of her sweet, angelic face. The result was instantly, as Naruto blasted her face with wad after wad of sperm, her eyes closed in ecstasy.

After a dozen or so shots, Naruto finally calmed down and started working on her pussy again, but Aphrodite and her maidens were in shock, as the Love goddess completely drenched in his thick cream.

"Fuckâ€¦ this is going to be a mess." Aphrodite she said admiringly. She started licking the cum from around her mouth since several blasts must have fallen right on her face "How can you cum this much anyway? It's not possible." She asked him, but Naruto was too focus to eat her pussy to answer "Oh well." After cleaning her face from all the cum, by eating them all, Aphrodite moved her head to his dick and started slurping away at the fat head. She licked all around the head, then the rim and moved down to his shaft, planting loud wet kisses along the thick, charged, veins.

"Shit" Naruto groaned out as Aphrodite sucked on his cock, stimulatingly using her tongue to lick his cock all over and sucking like the most powerful vacuum. Naruto tried to thrust his hip, but Aphrodite put her hand on his thighs and kept his lower body firm on the bed, preventing him from moving.

As she sucked on his cock, Aphrodite was massaging his balls at the same time, milking them and coaxing more pre-cum to flow out of his dick and directly into her stomach. This man's stamina could rival even the most powerful god, and he was still in his base state, which to her spoke volume of how sexual powerful he could become. Aphrodite began to strongly jerk the five or more inches of his shaft that was left outside of her mouth with both her hands, squeezing it hard and caressed the large bulging vein that ran underneath it.

Then the flow of pre-sperm suddenly stopped but as soon as she relaxed her tight grip around his dick and, Naruto came again, this time he filled her mouth with a lot more than just a cup size sperm of his first shot. When she found herself can't keep up with the speed of his cumming, Aphrodite forced his cock as far as possible down her throat and into her gullet, letting him dump his load directly into her body, saving her from making less of herself in front of him.

It was something Naruto had to give her credit for, surely she knew what she was doing. This woman far surpassed all others that he had been with in his life.

Finally, after his cock stopped twitching, Aphrodite managed to pull back from his cock, only to have her face splashed with another voluminous blast of cum, sticking from her the right forehead to the left of her jaw.

"Warn me when you're about to cum, won't you?" Aphrodite pouted as she grinded her pussy against his face.

Naruto cursed out when the love goddess lifted her ass off his face. She made him cum twice and yet he didn't even get her to cum once, only managed to get her to lubricate herself with her juice.

Aphrodite saw the annoyed look on his face and smirked slyly at that.

"Don't worry dear, while you're great with this boy." She poked his cock while caressing her other hand on his cheek "You still have plenty room to improve up here and I'm going to make sure to teach you how to properly please a woman." She then straddled him once again but this time, she used one hand to move her G-string out of the way while using the other to move his cock to her pink little pussy, teasingly caressing the tip against her slit "Don't kill me, okay?" She asked sweetly and impaled herself down his cock.

"FUCK!" Naruto cried out as Aphrodite's pussy claimed around his dick. It was simply too tight for his cock and the sudden penetration made him feel like his dick was about to be ripped off his crotch. Her walls wrapped around him and tightened to the insane level, driving him crazy with the hotness of her tight tunnel.

Naruto could see that there was more than five inches left outside, and yet his cock already touched against the entrance of her womb.

However, he was glad that he wasn't the only one who lost his composure, because Aphrodite, who threw her head back in a silently scream, suddenly squirted her juice violently around his cock, letting him know that she just cum from one single penetration. The woman felt on him the second later, her tongue lolled out of her mouth as she smiled stupidly, also making a mess of drool on his chest.

She was the first woman to take that much inside her, but it seemed even the Goddess of Lust couldn't handle his size during their first time.

"Don't worry," Naruto patted her ass gently and said with a dark smirk, somewhat gotten used to her tightness "You still have plenty room to improve down here." Naruto used her previous advice for him to taunt her "I'm going to make sure to teach you how to properly please a me, your master..."

Aphrodite had enough fun for herself, it was time for him to break her.

"Y-yesâ€¦ f-fuck me pleaseâ€¦" Aphrodite moaned and tried to shake her ass. It was too much, simply too much for her to handle.

Naruto wrapped his arms around her waist, mashed her breasts against his chest and started moving his hip, fucking his dick into her pussy. He could feel her cunt muscles enveloping around his rigid shaft like a tiny velvet glove, keeping him from making his cock leave her and yet begging to feed her more. Naruto banged against the back of her vagina, by pushing harder he finally managed to force in another couple of inches.

As he pounded against the entrance of her womb, wanting to get in, Naruto squeezed her fat ass with my hands, keeping it in place as he thrust his hip up. Aphrodite yelped with pleasure as she cum once again, obviously enjoying the rough sex he was giving her.

"Oh, FFUUCCCKK! It feels so good, masterâ€¦ master~!" She moaned, and

it seemed the situation had finally reserved for her "Give me all you've got" In the end, Naruto managed to ram in another inch, finally feeling her womb's entrance part away to let him in. With that, Naruto slammed her down his cock with his hand on her ass, successfully entering her womb by thrusting the last two inches into her. Then, she was pretty bucking wildly with all fifteen inches of wrist-thick cock up her eager cunt.

"You should have chosen the other Naruto, Aphrodite." Naruto moaned as he felt himself getting turned on by the wet sound her pussy was making "He would treat you nice, give you soft and slow love making. But me? You're nothing but a favorite cum dumpster Aphrodite, I will fuck you until you can think of nothing but my cock. And when I'm done, you'll be just a simple slut who beg to kiss my cock!" he increased the speed of his pounding to another level, roughly fucking her to the point her whole bed was shaking violently.

"OH FUCK! YESSSS! GIVE IT TO ME! I'M YOUR SLUTTY CUMDUMP! POUND MY SLUTTY PUSSY!" Aphrodite screamed as she moved her hip on her own, adding into his speed with a great amount of force, their hip red because of the pounding "AH! AH! AH! I BELONG TO YOU MASTER! ONLY YOU! THIS FILTHY PUSSY BELONGS TO YOU! I AM YOUR PERSONAL CUMDUMP!"

Naruto grinned. "Now that is something I love to hear. Here is your reward. Take all my cum!"

"YES! YES! FILL ME UP! GIVE ME YOUR CUM! OH YES! FILL UP YOUR SLUTTY PET WITH YOUR FUCKING CUM!"

Naruto groaned as he felt himself explode into her, shooting thick ropes of sperm into her well used pussy. Aphrodite could feel it filling her up to the brim. The sensation of warm cum flooding her insides brought the blonde goddess to orgasm as well, her entire body shaking as her brain overloaded with pleasure. Aphrodite's body twitched around, her fingernails clawed the skins of his arms and chest but Naruto didn't mind.

"So much~" She moaned as her whole body twitched in ecstasy, her abdomen distended from the volume of semen pumped into her well fucked body.

Line Break

The sun rose up and strangely enough, from here, when he looked outside the window Naruto could see a man riding on a shining chariot, flying across the sky and the sunlight was following each of his movement as if his chariot was the sun itself.

Around the bed, laid Aphrodite's handmaidens. They were exhausted, but luckily for them not by him, because Naruto spent his entire night breaking the Love Goddess for his liking. The girls were so turned on by their sex-making, that they couldn't control themselves and attacked each other like horny animals, having wild and passionate lesbian sex with each other on the floor around Naruto and their mistress.

Naruto glanced at the woman riding on his cock as he laid on her bed, holding the golden chain that connected to the choker around her neck, listening to her moans which was nothing but his ear. She

managed to keep up with him and was still more than willing to milk his balls, which was something that Naruto expected from her, the Lust and Sexuality Goddess. Her voluptuous frame covered in dried and fresh cum, her hair was all sticky with his semen and her body glinted with the sweats.

Naruto then stood up, making Aphrodite slip out of his cock. He stood before her, holding the chain up and pulled Aphrodite to her kneel in front of him. His hand went down and caressed her cheek, as she stared up at him with eyes filled with love and lust. Naruto moved forward and put his cock against her cheek, which she turned to plant a submissive kiss on it before caressing her cheek against the throbbing veins.

"Now tell me," Naruto spoke up "Who do you belong to?"

"Youâ€¦ master." Aphrodite whispered.

"Outside of this room, should other gods and goddesses know about this?"

"No, master." Aphrodite shook her head "Unless you decided to break them just like what you did to me." She said that with love, and adoration.

"Goodâ€¦ very good." Naruto smirked "To the others, you'll be my mistress and I'm your servant, but do not use it as an excuse to act all high and mighty, because I'll make sure to make you regret it when night time come, understand?" He yanked on the chain, further making his point.

"Y-yes!"

"If you're a good girl then I will treat you nice with love, and give you what you desired when you summoned me." Naruto grinned and Aphrodite cooed excitedly at that.

The first step was a huge success. Aphrodite was now his and her power would be of great use to him. Her little slutty mind had been completely broken and Naruto could tell that she was completely loyal to him, judging by how she was acting.

Not to mention the love goddess and her handmaidens were more than a handful of benefits.

"Can I suck your cock, master?" Aphrodite asked, pulling Naruto out of his thought.

"Make sure to lubricate it well as well, because I'm not done with you."

Without a second thought she took him into her mouth and begun to suck his cock head madly. Naruto watched as her mouth stretched as she begun to take in his cock and soon she began to bob her head back and forth on his length, trying to take more into her mouth each time before her nose press against his
pelvis.

Humanâ€¦

Godsâ€¦

Goddessesâ€¦

All will bow before him.

"But first," Naruto muttered as he closed his eyes, remembering his current ambitions "let's just have all the fun... shall we" when his eyes opened again, it was no longer the azure blue, but deep crimson red.

><p>Yagami's note: Alright, this fic is really dark._

**I decided to choose the setting of Greek Mythology, because it's always my most favorite and with the help of YagamiNguyen, I was able to come up with this plot and story's background. Like I said above, there'll be a major crossover with Greek Mythology and Percy Jackson, but it would happen much much later in this story, because the main world of this story will be Elemental Nations.**

**Naruto is dark, and kind of evil in this fic. His past will be revealed in the next chapter, where he returned to Elemental Nations but now with Aphrodite at his side. What happened to make him like this will also be showed in the future chapters. The main theme of this fic is black, so don't expect to see show much of a moment of happiness (only when necessary).**

**The timeline is like this:**

**In Naruto's timeline it's about a few weeks before the Chunin Exam, so Naruto, who is currently nineteen is a lot older than cannon.**

**In Percy Jackson's timeline, this is set ten years before The Lightning Thief.**

**Naruto World and the Percy Jackson World are separated and Divine beings are the only ones who can cross or manipulating it.**

**The Cannon of Percy Jackson will be as well, but it's much later in this story.**

**Naruto's level of power, in his base form is above Aphrodite, the current strongest Olympian (Yes, she's even strongest than Zeus).**

**I will make sure to keep this coming every day.**

**READ and REVIEW**

**P/S: Few questions... yes or no to the Shinto Goddesses?**

**And also, Aphrodite's room is based on her room in God of War III**

**Violent and savage**

In a blink of eye, Naruto realized that he was finally back to his rundown apartment.

If it wasn't for Aphrodite, who was sleeping right next to him with her arms and body pressed so tightly against his side, her legs linked with his he would have thought all of that was just a dream. A very wet and crazy dream.

"Narutoâ€¦ masterâ€¦" Naruto heard the goddess whispered softly in her sleep as she tightened her grip around Naruto's body. For a woman, Aphrodite was incredible strong, as she could even manage to keep him down if she chose to. The amount of force she put on the grip she had around his chest would have broken several bones and ribs if he was a normal human.

But Naruto, with a simple body replacement technique, removed himself from Aphrodite and put a larger pillow in his place. The blond sat on the bed and turned his head around to look at Aphrodite's incredible voluptuous frame. Even if she was a Goddess, of beauty no less, that kind of body was particularly sinful on any woman. In her sleep and yet Naruto felt like she was begging him to give her another thorough fucking with just her body alone.

What more? Even after that rough fucking, her body remained unchanged and she was still tighter than a virgin. Naruto slapped her ass and her boobs, bit them however he wanted to several times last night and yet not a mark was left on her body. Maybe it was because she was a Goddess, or simply because her body was just that goodâ€¦ made for serious sex.

Her handmaidens would be some good fucks, but for now, Naruto already had a Goddess to take care of his need better than any women could put together.

Naruto stood up from his bed and walked into the kitchen, Naruto couldn't help but realize that his apartment was a little dirtier than usual, because he was returning from a long term mission for the Godaime Hokage, Tsunade Senju. The mission was about assassinating a man who threatened the seat of the current Damiyo of Hi no Kuni (Fire Country) with rebel force.

The mission went smoothly for a Shinobi of his level. Naruto slit his throat open right in front of his generals, killing him instantly without any remorse. For an extra payment Naruto took care of his generals as well, ending their life with his blade, showing no mercy to the men and women that wanted to stand against the Damiyo of Hi no Kuniâ€¦ with his effort, he ended a possible Civil War for this country.

Even though they had good reason to do so.

But Naruto didn't care. He was a Shinobi and his life was bonded to missions even if it was for the cursed place, Konoha.

Naruto stood in front of his window and looked at the village outside. It was eight in the morning and civilians filled the street of Konoha. Today was like any day, just a normal day in Konohagakure no Sato. People was shopping, working, greeting others cheerfully while gossiping about other people's businesses. Shinobi was moving around swiftly from rooftop to rooftop, going back from or living for mission they were assigned by the Hokage.

"_Why don't you just disappear?_"

"_No one needs you._"

"_No one_wants_you._"

"_DEMON!_"

Naruto felt his eyebrow twitched as he could hear their voices in his head while looking at them from his apartment.

He was seven when the Kyuubi attacked his village. He used to be called Naruto Namikaze, a prodigy Shinobi with a promising future, who lived up to his father and mother's name and even making one for himself when he graduated from the Academy at a very young age. Naruto used to have a family that was filled with nothing but love, troublesome sometime but his life was almost perfectâ€¦

Until the Kyuubi struck their village, the same night Naruto learnt that he was about to become a brother after his mother returned home with a great new of pregnancy with a girl. Their family was attacked by a masked man and his mother, the current Jinchuriki of Kyuubi no Yoko was captured in the end much to his and his father's dismay.

Kyuubi was unleashed and nearly destroyed the village, if it wasn't for Minato who stood up for them and sacrificed his life to seal Kyuubi into his son. Naruto might be young at the time but he wasn't naÃ¯ve or stupid, knowing his duty as a Shinobi of the Leaf, Naruto volunteered himself for the sake of a future for Konoha.

His father and mother was gone that day, sacrificed their life not just for Konoha, but to protect Naruto as well. They were great Shinobi and even greater parentsâ€¦

"You shouldn't save this place, pop" Naruto muttered to himself as he poured himself a cup of water. He was a bit thirsty from cumming so much last night, but it wasn't something he couldn't handle, cause he used to cum more than that.

Naruto grew up with hatred surrounded himâ€¦ never made friend, never associated with anyone, never forgave Konoha for what they did to him. Even till this day, the villagers were still looking at him with nothing but hatred but it was little they could do now as Naruto knew the only way to protect himself was to get stronger.

A lot strongerâ€¦

Now a Tokubetsu Jounin, Naruto Uzumaki was more powerful than any Shinobi and Kunoichi of the Leaf. He was feared across countries as one of the most dangerous assassin, known for his merciless killing skills. His head got the highest price in the Bingo Book, but no one had ever managed to put a scratch on his cheek, even the S-ranked Shinobi of rival villages.

Aphrodite was right, he was no longer a man but something that lost its soul to the darkness.

His father's legacy was one reason for him to continue to serve Konoha as one of their best ever Shinobi. Namikaze Clan was one of the descendant of the Senju Clan and the Namikaze Manor was still

standing within the village. The place held all the knowledge, Ninjutsu and all of the secret and most powerful techniques of two of the greatest clans of Elemental Nations, Namikaze and Uzumaki but it could only be opened by the one who had the Namikaze blood.

However, due to some ridiculous argument took place many years ago led by the Sandaime Hiruzen Sarutobi, Naruto was banned from getting access to his birthright until the council said so, and in order to prevent him from trying to do anything before he was old enough, the place was guarded by the most elite group of Anbu and their leader was the only person in this world Naruto would feel nervous if he ever had to face, Inari Uchiha, his former teammate and now the captain of Anbu, one of the only two survivors of Uchiha Clan after its massacre.

His life could have been a lot easier if it wasn't for the Sandaime Hokage, who passed away a couple of years ago.

Naruto turned his head around when he heard the sounds of shackles moving, realizing that Aphrodite had woken up from her sleep and probably wondering where she was. The one who teleported them to his place was one of her handmaiden who specialized in magic, as Aphrodite's mind was overloaded with pleasure to the point she couldn't think straight, let alone send him back to his world.

The blond turned around and headed back to his bedroom, smirking as he could almost feel her mouth around his cock.

**Later that morning.**

"This is Zora." Aphrodite introduced a the first handmaiden she summoned to his place. She had blonde hair that was tied in a large braids behind her head, spotless creamy skin and a body that could make any men cream their own pant "and this is Lora." Aphrodite pointed to the one standing beside her, whose face and body were identical to Zora, but her hair flowed behind her back and darker in color "They're the handmaidens that will take care of you today." Just like how they greeted him last night with their fellow Love Maidens, the twin was topless and there were only small white clothes wrapped around their hip to cover their crotch and barely manage to do the same to their big ass.

"Greeting Lord Naruto." The two bowed their head at him.

"Twin? How generous." Naruto snickered at that.

"They're my daughters." Naruto raised an eyebrow at that "Demigoddesses. These two will do whatever you ask them to, my lord." Aphrodite then walked to him and kissed him on his lips for a second before saying "I need to return to Olympus, it's godly dutiesâ€¦ but I will try to return as soon as possible." She smiled at him as Naruto removed the choker around her neck, as he was the one who kept the key and even Aphrodite, a goddess wouldn't be able to remove it without the key "Meanwhile, have fun with those two, dear. If you need anything, call my name and I will gladly abandon my duties and come to your side." She kissed him again, giving his cock the same treatment before flashing away in a flash of pink and aphrodisiac, something Naruto tried not to breath in

"What do you want us to do, my lord?" Zora asked as she swayed her

tits sexually in front of him.

But Naruto wasn't amused, he got enough this morning with Aphrodite.

"You know how to do household chores?" He asked and the twin nodded their head "Good, I want you to clean up this place for me, maybe make it livelier if you can." Naruto then stood up from his sheet and walked to his dresser to find some clothes.

"Where are you going my lord?"

"None of your business." He glared at Lora and she gulped nervously at his cold eyes "There are some foods in the fridge, you two can have them if you're hungry." His head returned to the dresser as he pulled out a set of clothes from inside.

"Thank you, my lord." The twin bowed their head submissively at him before quickly went to work.

After he was fully clothes, which was a set of military outfit, as worn over his black pants with orange stripes was a uniform jacket with an orange zipper and buttons on the waist and underneath was fitness armor shirt. Naruto also had a shuriken holster strapped to his right knee, and black Shinobi sandal along with black forehead protector, but Naruto chose not to wear it again and threw it back into his dresser.

"Do not open the door for anyone but me," Naruto told Lora, who was holding a broomstick in her hand. Her sister was cleaning the floor with a wet mop "the seal will keep you two safe inside."

"Safe?" Zora was rather curious after hearing that.

"Yes, safe." And Naruto disappeared in a black flash

"Ah!" Zora suddenly gasped in shock when a bottle suddenly smashed the window of Naruto's apartment, but instead of breaking through the glass, the bottle was bounced back by an invisible force and smashed into the face of the thrower "What was that?" she asked her sister who only shrugged.

"I guess it's what Lord Naruto want to tell us."

Line Break

"GAH!" The fire Damiyo and his wife, Madam Shijimi cried out in shock when a head rolled out of the bag wet with blood Naruto threw at their feet. It was the head of the man who rebelled against him, the one Naruto was assigned to kill.

"I killed him," Naruto said with an emotionless tone "and all of his generals." He glanced at Tsunade Senju, who was sitting on her Hokage Seat and sighing longingly at what she was seeing "Like you told me to."

"I seeâ€¦ great work Naruto." The Godaime Hokage nodded her head and pulled out a stack of paper from a drawer "That is your next mission, I will send you the money as soon as possible." She then turned to Shizune and told her assistance to escort the greened face Damiyo and

his wife out of her office.

Naruto gave the missions a look before nodding his head "I understand." And turned around to leave.

But Tsunade stopped him by speaking up "Wait Naruto."

"What is it?" The blond stopped midway and turned around to look at her.

"The Chunin Exam is approaching and our village will be filled with Shinobi and Kunoichi from every hidden villages." She informed him "After you have finished with that mission, I want you to be one of the proctors of the Exam."

"And watch over a bunch of brats?" Naruto snickered darkly "Better let a few of them dead to make examples for the others, don't you think?" Tsunade sighed at that, but continued to talk to him nonetheless.

"Mizukage-dono and Raikage-dono will be here soon Naruto, as you can see you're going to escort one of them here." It was his mission all about, escort the Godaime Mizukage to Konoha and protect her from any harm along the way there "Having too many of their ninjas, or our ninjas died because of the stages won't be good for our image, and you know we have to keep it firm in our allies' eyes. You're a strong Shinobi Naruto, we need you around to make sure the Exam goes smoothly."

"Alright I get it," Naruto opened the door with a dark look "but I guarantee you that the number of deaths won't decease, no matter with or without me around." With that, he left the Hokage office, leaving Tsunade alone wondering how her godson had changed over the years of nothing but hatred, anger and loneliness.

She always needed a drinkâ€¦ every single time she saw him, it brought back sad memories of his father and mother.

Naruto walked through the streets of Konoha, stopping at a few shops to buy some more groceries for his apartment, knowing that it was going to be crowded with women from this point.

He used to hate it a lot when villagers looked at him with hateful glares, but not he had nothing but pity for them. The prices usually doubled or tripled if he was the customer, but Naruto paid them no mind, because he a small amount of his money would be more than enough to buy all of their shops. Naruto had never failed a mission in his life. They were usually assassination missions with an extremely high reward because of the risks and dangerousness.

They glared and looked at him as if he was something that shouldn't be living, but quickly turned away in nervousness when Naruto turned his head to look at their direction.

Naruto always wondered what so good about this village that his father had to sacrifice his life for? Was it the so called Will of Fire? Or was it because of his duty as a Hokage? Minato did everything that day to protect Konoha, even stabbing himself in the hand for what he was about to do to ease the pain in his heart, sealing Kyuubi into his own son. Even though he was willing at the

time, Naruto could feel his father's unwillingness to do something like that.

Naruto returned home shortly after finishing with the shopping. The escort mission wasn't urgent and Naruto could leave tomorrow morning. Naruto was a Shinobi that was known for his speed, as he could probably get there in a couple of hours at most. The Chunin Exam was a great opportunity to gather allies, something that was very necessary for a Shinobi like him, as all kind of Shinobi and Kunoichi from all over the world would gather here, in Konoha.

"Oh, welcome back Lord Naruto." Zora and Lora immediately got to his side and bowed their head to him, welcoming him back with a very generous sight of their body.

His apartment was completely cleaned, and everything was more ordered than they ever be.

"Lora, put them in the fridge." Naruto ordered the younger sister by giving her the bag in his right hand "Zora, put these anywhere you see fit, I don't care." He gave the elder sister the larger bag, new furniture for his house and headed to the bathroom for a hot shower.

After he was done, Naruto didn't bother to cover himself and walked out, using a towel to dry his hair, his cock definitely drawing a lot attention from the busty twin daughters of Love standing waiting for him outside.

"Kya~" Without a word, Naruto lifted Zora up and threw her onto his shoulder while his other arm wrapped around Lora's body, pulling her with him to the bedroom while carrying her sister on his broad shoulder. The girls knew what was about to come, and couldn't help but feel both excited and nervous at the same time.

There, he threw the girls on his bed and climbed on behind them, straddled Zora with his knees at either sides of her hip and smashed his face into her sister's bare tits, his hand found her pussy underneath the thin cloth she wore around her waist and Naruto inserted his fingers into her cunt, fingering her with a steady fast pace. The busty blonde underneath him removed the thin cloth around her waist and started fingering herself with one hand and stroking his cock on her body with another, watching move from one of Lora's breasts to the other before meeting her lips in a passionate tongue kiss.

These girls were no Aphrodite, but they sure had their mother's skills in pleasing a man. In short, they were a lot better than any mortal women.

Naruto then stood up on his feet, allowing Zora to sit up and get on her knees in front of him, side by side with her sister. Their hands reached out and held his cock together, gasping slightly at the still soft, yet impressive size.

"It's so big, Zora." Lora said as she got the upper half of his dick in her hand.

"And long too." Her twin sister nodded as the two stimulatingly lifted his cock up to see his balls "Oh~, his balls must be as big as

our fists."

"Zora, Lora," Naruto spoke up impatiently "My cock isn't going to work on its own. Get to work before my patient ran out." He pressed them.

"It'd be our pleasure, my Lord" Zora leaned over him and Lora doing the same, the twin's lips met over his crotch, their huge tits pressing against his thighs from both sides. They locked lips, tongues slipping into each other's mouths, swapping spit from one to another before together, the girls stuck their tongues out and started licking and lapping at the bulbous knob, kissing each other around it, slipping the head from Zora's mouth then to Lora's and back.

Naruto groaned throatily in pleasure, watching intently as they took turns sucking on his cock. His prick lurched a little, a thick line of white pre - cum slipping from the big, flared knob, which Zora eagerly slurping it up into her mouth before kissing her sister, sharing it with her.

"Taste good, isn't it?" Naruto asked the girls "Your mother went insane just to have more of them inside herâ€¦ but of course, you two already know that." He smirked

"Yes my lord, yours are the best" Lora sighed in happiness, the dark blonde haired beauty then lapped up the next pulse of pre - cum that dribbled from his cock head.

"Simply the best." Zora added, sucking on both his knob and the elder sister's lips to get a share of his thick load. Lora then pulled back and let her sister take his huge cock as far into her mouth as she could, coughing and spitting down its length as she tried to take it all. The blonde gagged a little as she forced herself to take more of his enormous cock past the back of her throat and down her gullet.

She reared back and let Lora spat a thick wad of spit over his big dick which stood upright, quivering. Together, the sisters stroked his dick with their hands, their movement almost sync to each other.

Got to love twin and how their minds worked.

"Your motherâ€¦ she is a slut, isn't she?" Naruto asked as the two sisters wrapped their breasts around his dick, surrounding the large pole with four orbs of soft flesh.

"Yes, she is the biggest slut in the world." Zora nodded her head while Lora sucked on the part that poked out of their cleavage "She has a husband, but she love to fool around with other men."

"Her husband is Hephaestus, the God of Fire and Blacksmith. He's ugly and only loves his machine, so she doesn't like him." Lora followed her sister's words "Lord Zeus, the King of the Gods bonded her to his son because he didn't want her to be free, her power could shake the entire Olympus and bring forth chaos to all the realms."

"I can understand that." Naruto laughed. Love was a dangerous weapon, and it was right to fear the Love Goddess, who was also the Goddess

of Beauty, Lust and Sexuality "Who is Ares?"

"The God of War, her husband's brother." Naruto snickered at that. So she cheated on her husband for his brother "He's violent god."

"We don't like him," Zora joined in "he acted all high and mighty because his girlfriend was the most desired woman in the world."

"But in the end, their relationship resulted in more than nine children." Lora shook her head "All of them are violent and aggressive, just like their father."

"But Eros is different, isn't he?" Zora asked, looking at her sister "Psyche is a lucky woman."

"But we're luckier, we get to please Lord Naruto." Lora shook her head and both sister nodded their head at that. The girls stuck their tongues out and started licking his cock, still fucking a majority of his cock with their breasts "mother is hard to please and yet Lord Naruto best her in her own game."

"Who is your father?" Naruto couldn't help but ask.

"Our father is mortal man, a Jewellery Traders, he lived a few centuries ago." Zora answered him "But we're two of her strongest daughters at the time, so she brought us to her palace and made us her handmaidens."

"Seriously?" Naruto laughed while using his hand to cover his face "Just exactly how many of you have that woman bred?"

"Hundred, maybe thousands, fourteen of them are her godly children with various other gods. She loves having love rather than do anything else. She will have sex with any men she finds attractive enough to sleep with her. Women like us are also her daily targets, so her handmaidens also have the duty to take care of her sexual needs if she's in the mood."

"But she wasn't like that during the first millenniums of her life, at least, before Pandora's Box was opened."

"It seems your mother is a bigger slut I thought she was." Naruto chuckled at that statement. The moment he met her, he knew she wasn't some normal bitches.

"But mother does care for her children a lot," Zora said softly "even when the Ancient Laws stopped her from doing so, she'll do anything to make our life easier and protect us from the hardship of being demigoddesses."

"She is the best mother in the world."

"No she is notâ€¦" Naruto shook his head, shutting the dark blonde hair girl up but his tone wasn't cold and forceful like before. Both Zora and Lora could see something different from the man they were pleasing and couldn't help but wonder what, or who could make him his tone soften like that.

Naruto would have to talk with Aphrodite later about this.

"Enough," His sudden words surprised the twin "I must fuck you," he said with a smirk, his cock throbbed and twitched between their breasts "On your hands and knees girls." He ordered and they immediately turned around on to all fours, kneeling next to each other, their firm asses touching, looking over their shoulders at Naruto as he approached them with his cock led the way.

Naruto reared up over Zora first, his hand grazing her back for a moment before falling either side of her ribs, as his huge dick nudged against her sopping pussy lips. She moaned as she felt Naruto hunch forward, sliding the knob and the first few inches into her cunt, the thick fuck meat inching inside her.

Naruto kept it like that until more than eight inches of his dick was sheathed inside her. She was tight, even though was nowhere near as tight as her mother, her cunt still had a pretty good grip on his cock. Naruto then started sliding his massive cock in and out of her cunt, keeping a rather steady pace.

"Uuugghhhnnnn, fuck fuck. It is so big," Zora gasped as Naruto started to move faster, his thick cock spreading her twat to its limits, her own pussy oils and his pre-cum easing the passage. "Oh fuck! oh dear mother! This is too much... too muchâ€¦" she moaned as her hand finally collapsed and her face landed on the bed, cheek first.

Lora turned around on all fours, pushing her head between her Zora's butt and the his strong, muscular legs, watching the horse-hung man fuck her sister. She reached out and stroked its balls, running her hand over the few inches of Naruto's long cock that couldn't fit inside her sister and cooed excitedly "my Lord, when do I get my turn?" she asked Naruto with big puppy dog eyes.

He grinned at her and slowed down, roughly withdrawing his big dick from Zora's pussy in a wet POP, making her moan in disappointment. Without a word, Lora laid down and spread her legs as far as she could, letting Naruto climb onto her and kept his hands firm on her thighs, the square head of his cock butting against her wet cunt before sliding inside.

"Ahhh - - ahhhhh - - mother, fuck!" Lora cried as the spiky haired young man began thrusting in and out of her cunt. Crying in bliss as he slammed in and out of her, bringing her to the new height of pleasure, her body shaking as her orgasm broke over her, her pussy clasping at the thick shaft that fucked in and out of her. "Cumming - - fucking - - cumming!" she groaned and freely squirted her juice when Naruto pulled himself from her pussy and climbed on to Zora's back again, shoving almost the entire length of its big cock deep up her cunt in one thrust.

"Aahahhhhggg - - fucking hell!" Zora cried as Naruto fucked her hard and fast. Like her little sister, Zora could feel her own cum building quickly, pushing back against the big prick of the hellhound, feeling it rapidly enter and exit her womb "Cumming!" she gasped. Just as she felt her pussy clench as her orgasm struck, Naruto made a hard grunt and his prick swelled even more inside her pussy before it unleashed a torrent of semen deep inside her. Naruto reared back just a little and moaned as he came, the pair of them cumming together, Zora's pussy clasping tight as her mother's

boyfriend shot an almost constant stream of spunk into her well-fucked pussy.

"Lora, come here and eat my cum from your sister." Naruto ordered and the dark blonde crawled forward, moving behind her sister, as Naruto grabbed her ass cheeks and spread them wide, letting Lora shove her mouth into Zora's pussy that constantly oozed the thick white spunk out.

"Not going to lie," Naruto spoke as he patted Lora's cheek "But I think I found my first favorite twin."

**Later that night**

"Oh my." In a puff of pink smoke, Aphrodite reappeared inside Naruto's apartment, wearing the same silver dress. She looked at her two daughters, sleeping on his bed on top of each other, their belly swollen and bloat with so much sperm that they looked like nine month pregnant women "It seems you have been taking care of my daughters." She asked the man sitting on the bed, reading a small scroll and still as naked as she remembered him to be.

"They're good girls." Naruto said, not looking away from his scroll. With a click of her fingers, Zora and Lora disappeared, transporting to her palace on Olympus so the other handmaidens could take care of them.

With a click of her finger, her dress disappeared, leaving her completely naked as Aphrodite crawl to kneel behind Naruto, wrapping her arms around his chest and pressed her breasts against his back.

"What are you reading, dear?" she asked sweetly, trying to take a peek.

"Something I didn't give my Hokage." Naruto said shortly "The man I killed yesterday, he's the leader of a rebel force against the Fire Damiyo of this village. This is what that man knows about what the leader of this country have been doing behind his people."

"They had every right to rebel and yet you killed them all?"

"Something I took great pleasure in doing." Naruto said darkly and made Aphrodite a little nervous at his tone "You still have a long way to go to understand the life of a Shinobi, Aphrodite."

"Hard?" Naruto nodded his head "Then let this goddess make it easier for you." Her hand was put on his thigh and slowly moved to his cock. Aphrodite grinned excitedly when the semi-rigid member was in her hand again, throbbing and twitching eagerly at her touch "Love you so much master." She moaned and stroke his cock in her hand.

Naruto threw the scroll away and grabbed Aphrodite by her ass, lifting her up and held her against his body, as the Love Goddess wrapped her arms around his neck and her legs around his waist, giggling carelessly as Naruto slammed her back against the wall of his bed and thrust his dick into her cunt "Fuck!" She gasped as he moved against her, his face mashed against her large tits.

Line Break

"This place is called Olympus's garden, belonged to Hera the Queen of the Gods" Aphrodite said as they stood on the golden balcony that gave the view to a massive marbled-wall garden maze, filled with gigantic structures of various designs and many tall statues of the Olympians Gods and Goddess on Olympus. There were also hundred, maybe thousands gardeners working at the garden at the moment, taking care of the flowers and plants with great care. The place was simply incredible in his opinion "You can find any kind of flowers and plants here."

"Figure since it's this big." Naruto said as he looked at the garden, putting his hand on the golden hedge. This place alone was greater than any forests he had encountered in his life, given that Hi no Kuni was the land blessed with the richness of nature, this garden was truly something else.

"Come on, it's still a lot to see." Aphrodite turned around and grabbed his arm, pulling him away to a different area of Olympus.

It was the morning of the next day, before heading to Kirigakure Naruto decided to ask Aphrodite to take him to Olympus for a tour. It wasn't every day you got to see one of the most impressive godly realm, and even someone like Naruto would love to see how it was different from the mortal world, and how great it was in a mortal eyes.

Well, not mortal anymoreâ€¦ Naruto had been granted immortality by Aphrodite. He could still be killed in a battle but he would never catch a disease again and no longer age, time was meaningless to him. It was the second greatest gift a God could grant mortal, immortality and the greatest one was godhood, which could only be granted by the King of the Gods himself.

He still had much to learn about these godly realms, every time Aphrodite came to him the two of them always engaged in hardcore sex making, most of the time it was Naruto who fucked the hell out of the love goddess, so there wasn't any chance for him to ask her about the world she lived in. Sure Aphrodite was a goddess, an extremely slutty one no less, but what about the other gods, goddesses of Olympus? So far he only knew their name, and the domains they had to watch over.

Even right now, looking at Aphrodite, he wanted nothing more than bend her down and show her who was the boss around here. The Goddess of beauty was wearing a white, sleeveless buttoned shirt, but she only buttoned a single button and that was around her navel, exposing a majority part of her giant breasts that strained against her jacket, quite eye catching to say the least. She wore a black mini-skirt that barely reached down to her mid-thighs, a strange, somewhat oversized gold girdle around her tiny waist that Naruto could feel a great amount of power from, and knee high heel-boots.

Also, she wore no undergarment. Her facial features was also quite different, as she seems a lot younger than yesterday, appearing to be younger than him as well. Her hair was now a brunette instead of blonde, kept in a braid and pale blue eyes instead of brilliant blue. Her height also changed, before she was as tall as him but now she

was a head shorter than him.

Though, her boobs and ass remained the same size.

Naruto had no opinion about her body, since she was a goddess maybe changing her physical appearance was one of her power. But the strangest thing of all, was her girdle.

There was something not right about that girdle. Naruto felt himself want to have her more than usual. He was known for self-control, but now it was slowly slipping away.

"What is that girdle?" Naruto asked as the two walked through the streets of Olympus. Many minor gods and goddesses turned their head to look at them and of course it was Aphrodite, her face, boobs and ass who were the things that drawing all those attention.

"Oh, you finally notice." Aphrodite smiled at him as she grabbed her girdle "Each Gods and Goddesses have their own godly weapons, and mine is this Magical Golden Girdle, forged by my husband Hephaestus. This Girdle will make me completely irresistible to anyone I fancied." She then parted the top of her shirt a little, showing more of her boobs to him "I'm more tempting than usual, aren't I?"

"Yep, it's like you're begging me to fuck you right here, in the middle of this street." Naruto shrugged his shoulders and continued walking.

"I like the sound of that," Aphrodite giggled "Butâ€¦ you know, I'm surprise. You seems to be not affected by this Girdleâ€¦ much anyway. Even the Zeus could not resist its power when Hera borrowed it to charm him. Is there any secret to that?" She moved her hand to his crotch, gently caressed his large balls "Also, does it have anything to do with the reason how these babies can make so much sperm as well?" she asked slyly.

"Control yourself slut." Naruto grabbed her wrist and pulled it away, whispering to Aphrodite with a very low tone that only she could her "Remember what I told you about our relationship." He gave her a sharp glare.

"Yes," Aphrodite took her hand back, thought the smile never left her face "master."

The trip continued and Naruto visited a lot more locations on Olympus like the Chain of Balance, which secured the bond between Olympus and the Underworld. The City of Olympia, this place was filled with houses for minor gods, immortal or the natural spirits that served the gods directly on their mountain. There were also several gates called Hyperion Gates scattered throughout Olympus, used to travel great distances, in a very short time. These gates functioned as warp gates, instantly bringing its user from one location to another.

There were also various other structures and locations on Olympus, some of them were extremely important and sacred to the Greek Pantheon, so Aphrodite couldn't take him there.

After revisit Aphrodite's chamber for Naruto's breakfast, which was served by her handmaidens, it was time for them to visit the

Olympians' Palaces Area.

As Naruto and Aphrodite crossed a palace that looked like a warzone, painted blood red in color, the massive gates were suddenly forcefully kicked open and a loud growl could be heard from inside.

"Oh pleaseâ€¦" Aphrodite groaned in annoyance when a large man that was even taller than Naruto abruptly stepped out. He was quite handsome, extremely muscular, with scarred cheeks and tall with an oiled crew cut. His outfits consisted of a black jeans, combat boots, a leather duster, and muscle shirt with a bulletproof vest and an iron padlock necklace. He also wore a red tinted wraparound sunglasses, to cover what appeared to be a flame-filled eye sockets.

However, Naruto could also see some bruises and bandages on his body, appeared to be badly beaten not too long ago as well.

"Aphrodite you slutâ€¦" The man growled as he approached them "you dumped me for this punk."

Ah, Naruto realized, this must be Ares the God of War, Aphrodite's ex-boyfriend and her husband's brother.

"Ares, what did I tell you huh? We're done, finished." Aphrodite said in frustration "Stay out of our way before I seriously hurt you this time." She put her hands on her hip and glared murderously at him.

"I underestimate you last time Aphrodite." Ares growled as he reached his hand out for her "But not this time, you'll face the punishment for defying the God of War and when I'm done with you, I'm going to make sure to destroy that pussy of yours."

Aphrodite growled in annoyance and was about to defend herself, when Naruto suddenly stepped between them and grabbed his wrist, stopping him from touching his woman. The God of War widened his eyes slightly at Naruto and tried to take back his hand, but found himself unable to do it because Naruto's grip was too hard.

Ares tried to punch Naruto, but Naruto stopped his punch with his other hand before tightening it up into a fist, launching it straight into the God of War's gut, knocking the wind out of him. The God of War gasped as he could feel his internal organs torn apart by the force of Naruto's punch and dropped to his knees, coughing blood and gasping for breath.

"Meet my new servant and boyfriend Ares," Aphrodite said casually with a giggle as she kicked Ares in the face, knocking him down to the ground before turning around to wrap her arms around Naruto's neck, looking at him with love and pure lust "Naruto Uzumaki." She tiptoed and kissed him, opening her mouth so their tongue could meet. Naruto lifted her mini skirt up and placed his hands on Aphrodite's ass cheeks so he could bring her to his height, kneading them in his hand as much as he liked while snickering mentally at the face Ares was making.

"Try touching my woman again and I will guarantee you that another punch is the least you should expect." Naruto stated coldly after

Aphrodite had released him. The goddess of love blew a kiss at her defeated ex-boyfriend before following Naruto, as he walked away with his hand in his pockets.

"The second day here and already made an enemy out of the God of War." Aphrodite giggled as she caught up to him "Nice, but why didn't you use those ninja trick of yours to beat him?"

"Because I don't feel like it." Naruto said casually as Aphrodite wrapped her arms around his arm again "He's a weak god, isn't he?"

"Yeah. Cruel, impetuous and violent was what attracted me to him." Aphrodite said "He also has a good nine-inches package but yours are simply bigger and better." She giggled shamelessly while saying that "I like men with big balls, especially the biggest."

"What a slut!" Naruto snickered and Aphrodite winked cutely at him.

"I'd call myself a free spirit but you're right, I'm a slut for you." She gave him a light peck on the cheek before smiling "Now, should we return to my...Gah!" Aphrodite squealed out in surprised when Naruto shot his hand out to catch a silver arrow aimed at her left shoulder, saving her from being stabbed by it.

"What is this?" Naruto asked as he looked at the arrow in curiosity

"Silverâ€¦ ARTEMIS!" She cried in annoyance.

Immediately after that, a woman leaped from the building a hundred yard away and gratefully landed her feet down to the spot in front of Naruto and Aphrodite, pulling back the string of her silver bow, making a silver arrow appeared but instead of Aphrodite, it was aimed at Naruto. Artemis was an extremely beautiful goddess, lovelier than all women Naruto had met in his life, being tall and rather well-built, with shoulder-length raven-black hair and striking silver-grey eyes. She was wearing a silver tunic that frame her body nicely and down to her mid-thighs, silver shoulder guard on her left shoulder and black leggings that hugged her legs like a second skin. She also had strap shoes with the straps wrapped several times around the lower half of her legs, and a black belt with a pair of massive hunting knifes strapped around her waist.

If Aphrodite was the symbol of erotic beauty, then this goddess must be the perfect example of natural beauty. She wore no make-ups, and yet she was as beautiful as Aphrodite.

"Bringing another man to Olympus I see." The goddess said coldly as she pulled the string back even further, making the arrow glowed. Naruto guessed that bow must be her Godly Weapon, because it was anything but normal. "and don't even bother to wear clothes properly again." She asked after taking a glance at Aphrodite's state of clothing.

"What the hell Artemis," Aphrodite yanked the arrow from Naruto's hand and threw it down next to Artemis' feet "Were you trying to kill me?"

"You'll survive, not the first time you're struck by my arrow, remember?" Artemis stated coolly and turned to look at Naruto "Keep your man away from Olympus Aphrodite, mortal is not allow here, especially a man like this one."

"A man like me?" Naruto chuckled as he glared at Artemis "There is no man like me, goddess."

"Speak to me with that tone and you will regret it, man." Artemis retorted with her own murderous glare.

"Alright chill chill, no one is going to die today." Aphrodite stepped to the between them and held her hands out, laughing softly to cool the situation out "What are you doing here Artemis? I thought you're still down there hunting with your group of loveless huntresses." Even her attempt to thin out the tension, Aphrodite asked that question with disgust in her tone, as if she found the word 'loveless' extremely bitter.

"I know what you are trying to do pull down there Aphroditeâ€¦ stop troubling Rhode and Adrasteia with those useless feelings." Artemis glared at Aphrodite with her piercing silver eyes, as a smug smile then appeared on the Goddess of Love's face after hearing that.

"I don't know what are you talking about." Aphrodite shrugged casually "but aren't they are two of your oldest huntresses? Likeâ€¦ your oldest sisters?"

"Don't try to fool me." Naruto shot his hand out in the air to show that he would do nothing when Artemis shot forward to grab Aphrodite's throat. He would stop if it was Ares or any other men, but another woman was a different matter "I know it's your work Aphrodite."

"Oi! You wanna fight?" Aphrodite asked as she gripped Artemis' arm with both hand "Naruto, help!" she called out loudly and turned to Naruto.

"You're on your own this time." He said casually and accepted cookies from a natural spirit nearby "Oh, thank you, how generous of you."

"Your man won't help you Aphrodite," Artemis laughed before making a deadly glare "Stop doing whatever you're doing to my sisters."

"They deserve happiness!"

"They're happy!" Artemis roared back "With the Hunt. How can a slut like you understand?"

"Me? A slut? Are you on your period? You're extremely feisty today."

"W-what! Take that back!"

"As expect from an eternal virgin!"

"HAH! I'm proud of that, you whore!"

"Let go off me loveless before I decided to make you fall in love

with men as well."

"You know your power won't work on me, bitch!"

"We will see who is the real bitch here!"

Naruto, knowing enough was enough, decided to step in before they could tear each other apart. He still need Aphrodite to take care of his libido tonight after all "Alright, stop right there ladies." Naruto grabbed the back of Aphrodite's shirt and easily lifted her up, pulled her back and away from Artemis.

"Hah! Bleh!" Aphrodite stuck out her tongue at the black haired goddess, but a glare from Naruto immediately stopped her from continuing.

"I apology for my mistress' behavior." Naruto turned to Artemis and said with a calm tone, completely unaffected by her murderous glare "She could be quite childish sometime." He said after putting Aphrodite down. The love goddess immediately rushed to hide behind Naruto, but poke her head out and continue to mock Artemis by sticking out her tongue.

"Tchâ€¦ keep your power in check, Aphrodite." Artemis then turned to Naruto and crossed her arms underneath her ample breasts, glaring at him "And who in Hades' name are you?"

"Naruto Uzumaki." Naruto introduced himself "Lady Aphrodite's servant andâ€¦"

"â€¦my official boyfriend." Aphrodite continued "The one who will fuck me senseâ€¦"

"Stop, don't you dare finish that question." Artemis scolded before looking at Naruto "You're not from this world, aren't you?"

"Yes, I come from a world call Elemental Nations."

"One of the ancient worlds belonged to Shinto Pantheon." Artemis nodded her head "Are you a Shinobi?" Naruto nodded his head "You're a warrior, I can see darkness in your eyes, man."

"I would call myself an assassin, my way of life is not fit to call warrior." Naruto said.

"Figure. Zeus won't be happy when he learns about him Aphrodite." Aphrodite huffed at that "He's not fit to live in our world, and this era."

"Beat me, you have no idea how much paperwork I have to go through just to have Amaterasu's permission to bring him here, to Olympus." Aphrodite told her fellow Olympian "Also, I'll make sure to keep Naruto around hereâ€¦ even if I brought him to the mortal world, it would be only for a date or something like that."

"Better inform him than nothing, you know how paranoid he is."

"I will, thank for the advice."

"When I heard about your break up with Ares, I thought you chose to

become a better woman than you ever was. Guess I was wrong. You'll never change." Artemis glanced at Naruto "You, stay away from this woman, she'd only bring trouble to you and leave you when she found no other use from you."

She had no idea who was using who.

"I don't take order from you, goddess." Naruto sent her a cold glare, surprised Artemis.

"I warned you, man, speak to me with that tone again andâ€¦"

"Put arrow into me? Or cut me down with that knife?" Naruto asked "We both know that you're not capable of doing something like that."

"Oh really?" Artemis made her bow disappeared and shot forward, pulling her hunting knife out of its scabbard.

A warning, that was what she was about to give him.

Naruto pushed Aphrodite back and dodged Artemis' slash, effortlessly counter it with his own kunai, which hidden inside his sleeve and shot into his hand with just a flick of his wrist. The blades violently clashed against each other and Artemis was shocked to find herself being pushed back by him, amazed by such skills from a man.

The battle continued as Naruto pushed Artemis to an empty spot between Aphrodite's palace, sparks flew between them as Naruto was now fighting with both hands, easily keeping up with Artemis' speed.

She was fast, but he was faster.

Then suddenly, Artemis found the man fighting her disappear, moving with the speed that not even she capable of seeing.

Naruto reappeared behind the goddess with a evil smirk in his face, he grabbed her around her neck, pulling her toward his body and grabbed her left breast much to the shock of both Artemis and Aphrodite, who followed them all the while. Naruto smirked widened when he felt something like bandage around her breasts, and it was wrapped rather tightly, letting him know that she must be a cup or two bigger.

"Youâ€¦"

"Don't try to resist." Naruto grabbed the wrist, making her drop her hunting knife when she tried to stab him. He squeezed her breast harder and smirked when Artemis made a sweet sound "Nice voice."

"Ah~â€¦ stopâ€¦" she covered her mouth with her free hand, trying to keep herself from making any more sound that she shouldn't be making.

"I see..." Naruto smirked as he remembered the words Aphrodite threw at this goddess while the two of them were fighting "You're never touched by a man before in your life, aren't you." He then moved his lips to her ear and whispered with a low tone, his hand now gently

kneaded her breast "A virgin goddess, how tempting."

"N-noâ€¦ pleaseâ€¦" But then, Artemis found herself drop to her knees, as Naruto finally released her from his tight and sexual grip.

"Don't worry little goddess, I'm not like those men who force themselves on unwilling women." Naruto said as he dusted his clothes "Just want to show you that who is the one in charge here." Artemis lowered her head in defeated and tried to erase the feeling of his hand playing with her body from her head.

"D-damn youâ€¦" Artemis growled quietly and tried to use her power on him. Her eyes glowed silver for a second but when the light was down, her eyes widened when she found the same man with spiky blonde hair standing in front of her "Butâ€¦ butâ€¦"

"That won't work, Artemis." It was Aphrodite who said that "I'm still here, you know." She then looked at her master/boyfriend "She tried to turn you into a jackalope." She then saw the blank look on his face "It's a specie of animal. They used to be mortal men, but Artemis created this specie of mythical animal by turning men she encounter into them."

"I see." Naruto nodded his head "Too bad, isn't it Artemis."

"Grrrâ€¦" She glared at him and made a sound, like a growling wolf.

"I don't know what happened to you Artemis, but it seems you don't like men that much, do you?" He kneeled down in front of her and looked at her in the eyes "I can see it in your eyes, something must have happened to make you like this. But don't worry, like I said, there is no man like me." He chuckled darkly before reaching his hand out to touch her cheek with the back of his fingers, but Artemis turned her head away with a nervous look in her eyes "Don't try to deny it. You liked it, didn't you?" he knew he had turned on the right switch.

"S-shut upâ€¦" as much as she wanted to deny it, he was right. That feeling of being touched by a manâ€¦ it was something new to Artemis.

"How interesting." Naruto said in amusement before standing up "If you want to feel like a real woman, Artemis, you know where to find me." Naruto said, making Artemis widen her eyes in surprise "You won't regret it." And with that, he left with Aphrodite.

Line Break

"Artemis, Greek Virgin Goddess of the Hunt, the Moon, chastity, animals and the wilderness." Naruto nodded his head as Aphrodite explained it to him, the two of them was sitting on a bench at Aphrodite's personal garden, with the love goddess gently riding his cock, her back facing him "She is also the goddess of childbirth, despite being the goddess of chastity."

"A weird combination." Naruto said as he leaned his head back, letting Aphrodite freely fuck herself on his cock.

"She hates men with a passion." Aphrodite sighed as ten inches of Naruto's cock finally sheathed inside her and reached the deepest part of her pussy, stretching her walls to the limit "A long time ago, Artemis befriended a handsome giant named Orion, former royal hunter of the King of Chios. He settled on Delos after he had his sight restored by Hephaestus with mechanical eyes, where Artemis allowed him to join her Hunters as the first ever male, due to his impressive hunting abilities and soon, friendship bloomed into love."

"Your work?"

"No, it's natural." Aphrodite shook her head with a smile "Anyway, his brother Apollo, was not happy with this, fearing that his sister would fall for the giant's charm and turn back on her vows of maidenhood. Lucky for him, turn out Orion began killing harmless animals, as a goddess of wilderness this didn't sit well with Artemis. Not only that, but Orion also raped some of her huntresses and attempted to rape Artemis herself. But the feeling of love was overwhelmed, Artemis chose to cast him away instead of killing him for what he did. Apollo took his chance, he saw Orion swam in the ocean very far away from the beach, with just his head visible, challenged her to shoot at that mark, which she hit, killing him in the process."

"What a great brother!" Naruto chuckled after hearing that.

"Some other stories told that because of his action, his mother Gaea sent a massive scorpion after him and killed Orion with its poisonous stinger. Artemis found his body shortly thereafter. Greatly saddened by his death, Artemis made Orion into a constellation with a scorpion to immortalize his story."

"What's up with this family anyway? Aren't you all related?"

"Anyway, his death greatly affected Artemis, some said that her vow of maidenhood became stronger because of his death while many other said that she was greatly angered by his action to her huntresses, the one she considers her sisters and own daughters." Aphrodite said "Either way, she has become a real bitch after that and starting to hate men with a passion. She gathers maidens that can be human, demigod, or nymph into her little group called The Hunt. Each hunter has sworn loyalty to the her to join her in the Hunt and reject men for the rest of their lives while also becoming immortal as long as they do not break their vows."

"And you're messing with them, aren't you?"

"Excuse me? I'm the Love Goddess, Artemis and her group are like my worst enemies." Aphrodite said as if she was offended "for centuries I tried to set her hunters up with men they met on their journey, succeeded a few times but lost a few times. Artemis is like my biggest target, setting her up with a man is my greatest goal but all of the men I used got turned into jackalopes or some animals for Artemis and her hunt to hunt down." Aphrodite turned her head around and smiled brightly at him "But I think I found a perfect man to break that little goddess and turn her back to the light."

"It'll only be a matter of time Aphrodite." Naruto said "Sooner or later, I will have another goddess for my little possession."

"Ufufu, is it strange for me to love you even more than before?" Aphrodite leaned back and rested her back against his body, putting her head on his shoulders and looking at him with adoration.

"She has a nice body," Naruto said, remembering the feeling of Artemis' feminine yet well-built body "it'll be a waste if she remain virgin for the rest of eternity."

"Believe it or not, Artemis' tits are the second biggest around here." She grabbed Naruto's hands and placed them on her own tits, letting him kneading them through her shirt "And you know who is number one."

"You?" Naruto asked "Sorry but Tsunade Senju is the one who have the biggest tits in my opinion."

"Well, isn't she a fifty year old mortal or something?" Aphrodite said as she increased the speed of her riding, rapidly slamming her ass against his slap. Her top was pulled apart, freeing her melon-size breasts and giving Naruto's full access to her hard nipples "But if you want, how about letting me turn into her? Do not tell me that you have never fancied about those tits before."

"Do it." In a blink of an eye, on his lap riding his cock was no longer the busty brunette but a very familiar woman with brown eyes and straight, shoulder-length blonde hair that kept tied in two loose ponytails, a pair of gigantic breasts standing high on her chest. While looking exactly like the Godaime Hokage, Naruto noted that Aphrodite was actually ten or at least twenty times more beautiful.

"Alright Naruto," Aphrodite said with the same exact same voice as Tsunade, but with a sweeter tone "your mission is to fuck me hard, long, and deep with that huge cock of yours until you blast a huge load of cum right up my tight cunt." She played the role of Tsunade and Naruto couldn't help but smirk widely at that.

"Gladly, Godaime." Naruto grabbed her hips with both hands and stood up, jerking his own hips upward and spearing all of his cock into her much to Aphrodite's delight, smashing her bubble butt against his hip "Shit, always want to do this." Naruto said as he quickly pressed up against her back before slipping his arms around her and grabbing two big handfuls of huge tits, loving the feeling of them in his palms.

As Naruto continued to fuck Aphrodite standing, the love goddess felt her legs got turned into jellies. His massive cock rapidly speared her inside, kissing the back of her womb before pushing it further into her body, which was then back to place after he pulled back. The love goddess lost track of how many times she had cum around him, until Naruto let out a grunt as he thrust balls deep into his slutty servant and started to hose her womb with a huge dose of his seed. Aphrodite tried to gap for breath, a fucked stupid look on her face and the only sound she could make were little whimpers as Naruto started to dump more of his come into her body.

Using his hold on her massive tits, Naruto kept Aphrodite pressed tightly against his chest, looking over her shoulder and smirked at her rapidly swelling belly from all the cum he was pumping into her.

"What is the chance of knocking you up?"

"H-highâ€¦" Aphrodite whimpered.

"Good." Naruto said after finishing cumming and dropped her down to the grass underneath them, looking at Aphrodite as she started emptying herself, making a large puddle of cream on the green grass. His cock still hard, and still twitching.

But it was time for mission

So, he waited until Aphrodite's stomach was flat again, then picked her up and threw her onto his shoulder, making his way back to her palace as the love goddess slowly shifted back to her true appearance, with blonde hair and blue eyes like yesterday.

><p>Yagami's note: Love it? Like it? Please let me know through your reviews.

This chapter told a part of Naruto's childhood, how he was before Kyuubi struck his village, resulting in the death of his parent, changing him forever. It was quite different from the usual Dark Naruto fic, but I guess his parents' death and lonely childhood (remember, he is not a baby at the time) is enough to make him change and become a darker version of himself.

Zora and Lora are actually two girls from the God of War game, you can look for them on Google.

This chapter also describe just how savage Naruto can be, as he casually toast a bag of heads to the floor, belonged to the peoples that he beheaded with his own hand. The scene with Artemis also showed that Naruto paid little mind to the Divine beings like her, and only considered her a woman no less.

Also, Naruto is only violent in battles, other than that, he is more calm and cold than violently

This is not the end of how Dark this Naruto could be, I'm going to reveal more of Naruto's personality in the next chapter, where he will come to Kiri to escort Mei Terumi to his village.

Also, I'm very against the idea of gender-bend.

But I put an OC here, Inari Uchihaâ€¦ Itachi Uchiha's twin sister, the only person Naruto would feel nervous if he even has to face her in battle. She will appeared after Naruto returned from his mission.

Artemisâ€¦ well, let just say that she's going to reappear VERY soon. As I said above, she, along with Aphrodite is Naruto's main women of this story.

More goddesses will come as well.

**Goddess of the Moon**

Aphrodite returned to her palace in a puff of smoke, carrying a stack of books she borrowed from Athena's library her master required within her hand, looking as perfect and beautiful as always with blonde hair tied into a pony tails behind her head a bright cat-like smile on her face. The love goddess approached her bed in the center of the room, where her master was being occupied by a group of her handmaidens, almost getting swallowed in their erotic body as the girls tried to serve him with the best of their abilities. Zora, Lora and two other were the luckiest of her handmaidens, as they got to serve him by licking their tongue on his cock, taking turn sucking the massive pole as well as kissing and treating his family jewels with great love and adoration.

More and more handmaidens were joining in the fun and Naruto alone was taking care all of them. His tall, muscular body easily towered every single one of them, giving the girls plenty place to play with and serve him with their body.

"Master, here are the books that you require." Aphrodite told him.

However, he wasn't the real Naruto but only his clone, left here to keep her and her handmaidens busy while her real master went to do his mission. His abilities to create limitless amount of clones was what she considered his greatest weapon, both in battle and love making. Every time she was with him, she couldn't stop herself imagine being gangbanged by a group of Naruto, each of them as hung as a horse, two double penetrating her while another fucking her face, raping her throat while her hands taking care of two other pricks, her breasts used to slide another yet another gigantic poleâ€¦ and every other part of her body being put into good use by her master, or masters in this case.

That thought alone made Aphrodite wet herself, so she no longer bothered to wear a panties, or even a G-string around him.

Her master, Naruto (or at least, his clone) rose from the women he was playing with like a real man he was, his dick stood tall and high in front of his lean yet muscular body, his sack bloated with fresh cream as pre-cum already oozed out from the tip of his cock. Aphrodite found herself drooling at his body, feeling hot all over and getting turned on by the sight of his big dick, unconsciously she rubbed her thighs together, trying to ease down the need to have it penetrate her.

"Good." Naruto told her as he walked to the edge of the bed and sat down there. Her handmaidens parted away while giggling to each other

about how great he was, but Zora and Lora still got their heads on his lap and continued to serve his dick with their tongue.

The books Naruto asked Aphrodite to get him were mostly about Greek Mythology, its stories written in mortal's point of view as well as gods' point of view as he wanted to learn more about her world so he wouldn't get confused about it. There was some other books about this world's cultures as well as histories. Aphrodite also grabbed him a few books about the gods that was ruling his world, the Shinto Pantheon.

"**Kage Bushin no Jutsu.**" Twenty five more Naruto appeared from proof of smoke, making Aphrodite's handmaidens gasped in shock but also excitement. Even Aphrodite had to widen her eyes as this was the first time she had seen so many big fucking dicks and their owners in a same place like this "Alright guys, each of you grab a book, read and make sure to memorize it. Grab one or two girls with you if you want." The main clone started giving order, holding his own book in his hand.

"Can I have three?" one of them asked, raising his hand. It seemed Naruto's clones were nowhere as cold as he was, as they appeared to be warmer and more social version of her master.

"Just grab enough to satisfy you need."

"Alright." After that, the clones walked to the stack of books and each grabbed a book for themselves, scattering around Aphrodite's bedchamber with two or three handmaidens with them. Soon, her palace turned into a huge orgy, but with the small army of Naruto's entirely focus stayed on the books they were reading.

Aphrodite turned her head back and widened her eyes when she saw six Naruto still standing close to her bed, as there was no more books left for them.

"Um, what about us?" One of them asked.

"You five take care of her." The main clone said, pointing his hand at Aphrodite.

"Oh my." Aphrodite couldn't stopped herself from saying as she put her hands on her cheeks, turning around to look at six throbbing dicks that was created for her.

As Naruto made his way to Hi no Kuni's seaport, he couldn't help but wonder if his clone was doing what he Naruto told it to do. He left a clone there to read and learn about everything that was necessary, with enough chakra to create more clones of himself to boost the speed up the learning process. However, in a place that filled slutty and busty women that were completely topless and wore nothing but ragged clothes to just barely cover their pussies and big asses, Naruto didn't know if they could keep their minds straight to concentrate in the task Naruto gave them and he was sure that when they dispelled themselves, knowledge wouldn't be the only thing that Naruto received.

"Naruto, please slow down." But he ignored that cry as he kept

pushing himself through the forest with extremely fast speed "I can'tâ€¦ keep up."

"If you can't follow Kurenai, don't bother and return to the village." Naruto said emotionless to the raven haired beauty that was trying to keep up to him from several feet behind. To ensure the safety of one of the five most important Ninjas of Elemental Nation, the Shinobi council decided to send another one with him on this mission and Kurenai Yuhi had become his partner in that mission.

Naruto had a massive chakra reserve, he was more than capable of using Hirashin to teleport himself and a small group of people back to Konoha in a blink of an eye from anywhere in this world. It wasn't wise traveling in the dark and Naruto had no intention to spend hours to go all the way back to his Konoha by foot

While annoyed that the council dared to doubt his ability in protecting the Godaime Mizukage and finishing this mission without the tiny bit of problem, he was kind of glad that the one who was assigned to go with him was Kurenai. Not only because she used to be one of his Gennin teammate, but she was also his bitch.

Yes, Kurenai Yuhi was nothing more than a little slut for him to fuck after he broke her one and a half year ago.

After Naruto shot his load into her body, the Genjutsu mistress of Konoha would do whatever he told her to do and her loyalty for him was unquestionable, much like Aphrodite now without the slutty nature.

Although before Aphrodite, she wasn't the only woman he broke thoughâ€¦

Even though Kurenai could barely keep up with him, she forced herself to do so. A burden on his shoulders, something that slow him down would be the last thing she wanted to become.

"Hahâ€¦ hahâ€¦ hah." Kurenai felt down to her knees and hands as she tried to catch her breath, the two was currently riding on the boat that would take them to the Mizu no Kuni (the Land of Water). The people that was on the boat with them turned their head around to look at Kurenai, but she only shook her head when a personel came and offered her his hand.

"You're making a scene Kurenai, stand up." Naruto said on his own seat, not bothering to look at her.

"Hai." The Genjutsu mistress said as she climbed to the seat next to Naruto, breathing normally but still feel very tired.

"You alright?" He asked, still not looking at her.

"I'm alright, thank you." Kurenai nodded her head with a soft smile. He might be coldâ€¦ he might had changedâ€¦ but his caring nature would never change, even if he never showed it to anyone consciously.

"Good, you can start pleasing me now."

Or maybe not.

"H-here?" Kurenai asked nervously while looking around. The boat was crowded with people who wanted to get to the Land of Water, most of them were men and were currently sneaking glance at Kurenai, a raven haired beauty with a shapely hourglass figure, something that they would never seen from civilian women.

"You're an expert in Genjutsu, aren't you?" Naruto asked, glancing at Kurenai "On your knees, now." He pressed with more authority in his tone, making Kurenai shiver and had no other chance but to obey his wish.

Casting a simple yet Genjutsu around them, so they would only see two normal Konoha Shinobi talking to each other, Kurenai got on her knees and stood between Naruto's legs, spreading his legs gently to give her more room to work. Pulling down his zipper, the one who was famous for her cold personality reached her hand into his pant and pulled down his boxer, taking his flaccid dick as well as balls sack out of its binding, having a little trouble with his cock because it was too big.

But she managed to do it in the end.

"Your tits as well, take them out." She immediately obeyed, removing her white bandages outfit before lifting the red mesh-armor blouse above her head, taking it off and putting it down to her chair. Naruto watched as she then removed her bra, showing her large DD-cup tits, as her pink nipples hardened when struck by the cool wind of the sea.

Now topless, Kurenai put her hands on his thigh and stuck out her tongue, pressing her tongue flat on his dick and giving him a wet lick from the head to the base before trailing her tongue back, taking the head into her mouth when she was there and pushed her head forward, quickly taking her tits into her hands and wrapping them around the penis that she loved so much.

Kurenai had a crush on him for so long, so breaking her wasn't that hard, giving her a night that she could never forget and she would listen to anything he said. Her heart already belonged to him long before Naruto decided to make his move on the women of Konoha.

Naruto's left eye then twitched slightly when received the memories of a clone, getting extremely aroused by his experience of fucking three of Aphrodite's handmaidens, forcing his cock to come to life and hardening rapidly in Kurenai's mouth much to her pleasure. It seemed things were going pretty wild up there, with the clones barely kept their minds to the books, busying fucking their hearts out with the help of Aphrodite's sexy handmaidens.

And he wondered what took them so long just to remember a few books.

While Love handmaidens were being taken care of by his clones, Aphrodite was currently in the center of excitement, as the clones was showing her nothing but cocks and sperms, every inch of her body used to please a large group of clones that surrounded her from all side, taking turn gangbanging her while the goddess of slut did

nothing but moan, scream and laugh excitedly and lustfully. She tried to run several times, just for the fun of it but was soon caught and punished by his clones for trying to run away.

Naruto sighed as another clone popped out of existence, sending his experience of creamping Aphrodite's pussy, mouth and various other part of her body. His cock twitched madly in Kurenai's mouth as he felt himself close to cumming more than ever.

So instead of letting Kurenai continue, Naruto put her hands underneath her armpits and lifted her up, reaching underneath her clothes and yanked her panties away, spearing his hard cock into her in one single thrust. The Genjutsu mistress screamed, but no one appeared to hear it since her Genjutsu affected all five senses.

"Naruto-sama.!" She cried as she gripped his shoulders to support herself "Yes! Yes! Fuck me harderâ€¦ relief your stress and frustration with my pussy."

"The trip is long Kurenai." Naruto grinned as he slapped her ass "I will make sure to fill you up to make up for this week."

"Yes! Fill me! Knock me up!" with the amount of times Naruto had fucked her, her pussy's pretty loosed already, but still pretty tight for him because his cock simply too big. Naruto slammed her on his cock with hard, but slow pace, making her cum on his pants every time he did so. He knocked his cock into her womb, grunting as it gripped around the square head of his dick tightly.

Which, then expanded in size as Naruto erupted into her, as the third clone dispelled and his experience became simply too much for him to handle.

When Naruto was done cumming, he lifted her up but slammed her back down once again, this time his cock was plunged into her anal hole.

Like he said, the trip was long and there was plenty time for him to make up for his absence week.

Line Break

Naruto and a slightly limping Kurenai arrived at Mizukage Office three hours later, getting welcomed by a swordsman that wore glasses.

"Mizukage-sama have been expecting you, Naruto Uzumaki-san." He greeted Naruto before turning to look at Kurenai "And this must be Kurenai Yuhi..."

"Yes." She nodded her head and shook hand with the swordsman.

"Mei-sama is expecting you." He nodded his head before opening the door for them.

Inside, other than a tall man with an eye patch cover his left eye, was another was a tall, slender woman in her thirties with an hourglass figure. She had green eyes and ankle-length, auburn hair

styled into a herringbone pattern at the back, a top-knot tied with a dark blue band, and with four bangs at the front. Two bangs were short, with one covering her right eye, and two are long, crossing each other on her impressive bust, just below her chin.

She wore a long-sleeved, dark blue dress that falls just below the knees. It seems to be closed at the front with a zipper, and was kept open on the front-right side from the waist down, showing her tone thighs and mile long legs, possible even her ass if she wasn't careful when moving around. It was clear that she wasn't wearing any panties, or just a thong that pulled so high up her waist. The dress only covered up to the upper part of her arms and the underside of her breasts. Underneath, she wore a mesh armor that covered slightly more of her upper body, but still let a large part of her bust expose. Around her waist, she wore a belt with a pouch attached to the back on the left along with high-heeled sandals and shin-guards reaching up over her knees, dark blue polish on her fingers and toes, and purple lipstick.

She was stunning alright? Beautiful wasn't the right word to describe her beauty. Her tits must be a lot more than a handful, and her body look good enough to occupy his bed every night.

As Naruto was thinking that, the woman turned around and smiled at them.

She must be the Godaime Mizukage, Mei Terumi.

"Chojuro, can you please leave us alone?" The Godaime Mizukage said to her guard, who bowed and nodded.

"Yes, Terumi-sama." He said before walking out of the room, though not before giving Naruto a caution glare. It seemed his reputation as one of the most dangerous Shinobi in the world had come here before him, and the Shinobi of Kirigakure was very wary of him. Mei Terumi, on the other hand was still smiling at him and showed no wariness.

"It's a pleasure to meet you," She stepped forward and shook hand with him "I'm Mei Terumi, Godaime Mizukage of Kirigakure."

"I'm Naruto Uzumaki and this woman is Kurenai Yuhi." He said and Mei smiled to Kurenai "We're here to escort you to our village for the Chunin Exam, Mizukage-sama."

"Sending two of the best Shinobi and Kunoichi of their village to escort me, how generous of Tsunade-sama." Mei smiled as she looked at him "I have heard of your stories Naruto Uzumaki, truly you're an exceptional Shinobi."

"Thank you for your compliment." Naruto nodded his head.

"As you can see, just a couple of weeks ago our village was in the middle of the Civil War." Mei said as she walked to the window and stared out at her village "You two must be familiar with the term Bloody Mist, am I correct?" Kurenai nodded her head and Naruto remained silent "Many powerful Shinobi left our village under his reign, even Kiri no Shinobigatana Shichinin ShÅ« (Seven Ninja swordsmen of the Mist) left us." She turned her head to look at Naruto "Isn't taking down Zabuza Momochi is you two's first ever

mission?"

"Not by chance, Mizukage-sama." Naruto said. He was killed by Kushina and his minion, Haku died trying to protect him "He's in a better place now." But those two were two of a few people Naruto respected in his life.

"I see." Mei nodded her head "But still, Kirigakure is still trying to pick up the pieces by itself, if anything, I hope you improve diplomatic relations with the other villages as soon as possible." She then closed her eyes for a moment before saying "Four of our new best Gennin Teams will arrive at your village tomorrow along with their teachers, I hope that Konoha isn't too wary of us."

"Pleas no worry Mizukage-sama. We're all allies here" Kurenai shook her head "Konoha will always welcome your ninjas with open arms."

"I believe it's time for you to go, Mizukage-sama" Naruto told her.

"It's getting dark, why don't we wait till tomorrow morning?" Mei asked, looking at the darkening sky.

"I will teleport us back to Konoha by Hirashin." Naruto said "You'll be there in a matter of seconds."

"I believe said technique was what made your father so famous, the Yellow Flash of Konoha." Naruto nodded his head at that "Very well, let's me gather my things. Chojuro and Ao, the swordsman you who greeted you outside will come with me, is it alright?"

"They're your guards." Naruto nodded his head

And so, Naruto took Mei and her guards back to the village, straight into the Hokage office. After receiving his reward and leaving with Kurenai, Naruto took her back to his apartment and proceeded to dump his sperm into her body every time a clone popped out of existence. Anko was on a mission, so he couldn't call her here to fuck her but Kurenai was better than nothing.

**That night**

"Getting gangbanged all morning and you're still horny?" Naruto asked as he laid on Aphrodite's bed as naked as he ever been in her bedchamber, Aphrodite sitting on his hip and riding his cock, a sultry smile on her face as she then buried all fifteen inches of his massive cock into her cunt before sliding her ass on his pelvis back and forth.

"I'll always feel horny, especially around you, my lord." Aphrodite smiled as she licked her lips sexually "Even your very existence turn me on, your godly body is more than enough to make me drool with and the sight your cock make my pussy shake with excitement. To be touched by you, felt by you and fucked by youâ€¦ there is nothing I wouldn't do to have you to love me." She moaned as Naruto's cock swelled within her, but he still managed to hold himself from cumming.

"Do not try to flatter me Aphrodite." There was a smirk on his face while he said that "I found you particularly useless in anything

other than a good bitch to order around and a nice cumdumpster for me to dump my load in." Her handmaidens giggled at his words. Of all the time men Aphrodite brought to this room no one had ever looked down on their mistress like that, as they always got carried away by her body and acted so putty in her hand.

"Such cold wordsâ€¦" Aphrodite giggled, as she didn't feel offence in the slightest "But I like that, they reminded me of why you attracted me in the first place." Aphrodite then raised her hip until only the head remained inside and impaled herself down once again, this time harder than usual "How many children do you want my lord? Ten? Twenty? Surely you can find me useful in breeding as well."

"Depend on how useful you are in this matter."

"Here is something that you can't read in books my lord, goddesses only need three months to carry a child, me, on the other hand is the goddess of recreation as well, so I only need three weeks." Aphrodite said as she rode him "Our children will be demigods, stronger than normal mortals, more beautiful and handsome than any others."

"I seeâ€¦ that's some amazing ability you have there, Aphrodite." He then slapped her tits "Is that why you had so many brats with the other gods? Especially your ex-boyfriend?"

"Kind of." Aphrodite giggled as Naruto continued to slap her tits, making the sway side to side on her chest "Also, isn't strong children the reason you've been fucking strong female ninjas of your village? You want to rebuild the Uzumaki, don't you?"

"Not just Uzumaki, but Namikaze as well." Naruto nodded his head "I intend to bring the glory of both clans back with my children. Like it or not, Konoha cannot stop me from doing so. There is a rule about Clan Restoration Arc when the last male survivor of a clan must commit when they hit twenty five year old, to have more than one wives in order to restore their clan back to its former state. Like it or not I will have a lot of lovers, so why not start now when I'm a youthful man? The sooner the better."

"I seeâ€¦ I alone can give you a small army, don't forget that we've all the times in the world now." She reminded him of the fact that he was now an immortal and had stopped aging "But how about thisâ€¦ you can have my handmaidens as well." She spread her hands out "Some of them are the best female warriors of their era, but too beautiful to be left dead on the battlefields, some others like Lora and Zora, are my daughters and their children will be called legacyâ€¦ strong like any demigods. They might have to carry your children normally, nine months and ten days, but I'm sure they're more than happy to carry them for you, right girls?" She asked loudly and her handmaidens giggled in agreement, getting excited at the idea.

"Did you know that you just make my work a lot harder than before?" Naruto asked, glaring at Aphrodite. Aphrodite took new handmaidens back to her palace almost every week, so their number never stopped growing. Around the time Naruto started making her bedchambers his, there was already more than fifty five of them. That was some great numbers of beautiful women "But very well." His eyes soften and his lips spread into a smile, a satisfied one "I shall accept your giftâ€¦"

Immediately after saying thatâ€¦

Ding Dong!

Naruto heard the sound of doorbell being ringing, and rather impatient too because after the first bell, the second follow and then the third. Aphrodite turned her head around and looked at the door, growling in annoyance.

"I will answer it for you mistress." One of the handmaiden stepped up and was about to leave when suddenly Naruto called out to her.

"No, Aphrodite you answer it." He told the one that was desperately trying to make him cum in her "The old faction way."

"Yes" The love goddess nodded her head "Seriously who could have come at this timing?" She asked and forcefully removed herself from Naruto. Aphrodite then clicked her finger and made a sleeveless nightgown appear on her body. As she made her way to the door Naruto looked at the handmaiden who volunteer herself just a few moment ago and beckoned her to come over.

"What is your name?" He asked as he reached his hand out to grope her tits.

"Cytherea, my lord." She bowed her head submissively.

"Cytherea, you can start pleasuring me." He said and spread his legs to give her more room.

"Thank you my lord." She smiled and kissed his cock before taking it into her mouth.

Aphrodite growled as she opened the magical lock of her palace and pulled the door open, ready to kill the one who dared to disturb her time with her master. However, Aphrodite gasped and took a step back in shock when she saw a red face Artemis standing in front of her palace with her hunting knife in one hand and her godly weapon, the Silver Bow on the other, her eyes glowing dangerously.

"Artemis?" Aphrodite said, picking herself together "What are youâ€¦"

"Where is he?" Artemis asked forcefully with a deep, almost wild tone "Where is that fucking bastard?"

"Who?!"

"Naruto Uzumaki!" Artemis roared "Where is he! I'm going to kill him! I know he is here, don't try to hide him." Aphrodite was a

"Wahâ€¦" Aphrodite cried as she was knocked down to backside when she tried to stop Artemis from entering her palace with the intent to kill her beloved. Artemis looked around and made her way through the living room, heading to Aphrodite's bedchamber, with heavy footstep and a low, wolf-like growl.

"Hey, you cannot enter my palace like this, it's against the ancient rule." Aphrodite cried as she tried to grab Artemis "And you can't kill my man." While Naruto was strong, Artemis was way stronger and

could easily kill him if she got serious and tried for real.

"Shut up whore." Artemis said and tried to shake the love goddess off "I'm going to fuckâ€¦" But she stopped when she saw some of Aphrodite's handmaidens and their state of clothing "What theâ€¦ Aphrodite what did you make these girls wear?!" she roared in frustration. While these girls were the one that sworn their loyalty to Aphrodite, they're still girls and she cared deeply for them. Seeing them in the state that was no less than their mistress enraged her greatly.

"None of your business." Aphrodite huffed "They're my servants, my handmaidensâ€¦ not yours."

"But they are still girls, do you have any respect for a fellow woman?" Artemis then turned around and continued to head to the bedchamber "Forget it, it's no use talking to you."

"Hey wait!" But it was too late, Artemis had already kicked the door of Aphrodite's bedchamber open with such force that a thunderboom could be heard, leaving a large crack on the ten centimeters of solid door. The handmaidens that were currently in the room was shocked by this and backed away immediately.

"UZUMAâ€¦ ki?! W-whatâ€¦ what are you doing?!" She thought her first move would be launching herself at him and slit his throat, or but multi arrows on his body, not stuttering like a high school girl.

"Oh hey Artemis, you came sooner than I expected."

Standing on the bed in the middle of the room, completely naked was her target, a girl in his hands facing away from him, her legs somehow managed to bend back and wrapped around his waist, showing incredible reflex of her back. The man's muscular body ripped with strength as he pounded what could be the biggest and longest cock Artemis had ever seen in her life into the girl, given that she had spent nearly three thousand years ripping those things off men's bodies or put an arrow through them as punishment. There were also a massive ball sack hanging between his knees, swaying back and fore as Naruto fucked his cock into the girl.

"Yoâ€¦ you're raping her!" Artemis cried out in horror "Stop it now!"

"Rape? Excuse me, but am I raping you Cytherea?" Naruto asked the girl in his hand, as her tongue lolled out of her mouth and cum around him for the fifth times.

"N-no my lordâ€¦ you'reâ€¦ you're fucking me." Cytherea moaned as she unconsciously replied to his words "harder, please fuck me harder!" and Naruto did just that, giving her three long thrust before saying to Artemis.

"See Artemis? She is begging for more, I'm not raping her." Naruto said and continued his thrusting "Like I said I'd never force myself on the girls that are unwilling to have sex with me."

Artemis dropped her hunting knife, and didn't know how to say to him, or an effective retort to his words. She was lost for words, not just

because of what he said, but also because of his muscular body, his cock, his ballsâ€¦ they were making her virgin body feel hot all over. As much as she tried to deny it, the past day she couldn't stop herself from thinking about this man, the men in three whole centuries that managed to get behind her and touched her, forcing her to make sounds she shouldn't making.

Aphrodite walked into the room and looked at her master, who was still having way too much fun with the girl in his hand in front of the man hating goddess then turned her head to look at Artemis as she remembered what Naruto said to her about Artemis. A sly smirk appeared on her face as she realized what he was intending to do.

'_Let's help him_' Aphrodite thought as she approached Artemis, if she made her move right then maybe she would be able to witness one of the greatest events that ever happened since the universe was created.

"Ufufu, Artemis, feeling hot all over, aren't you?" Aphrodite whispered slyly, starting using her Charmspeak as well. Usually it wouldn't affect a powerful goddess like Artemis, but from what she could see, her mind wasn't stable, so at full power Charmspeak might work for the first time "Look at that girl's face, that is what you have been denying for centuries."

Artemis blushed madly at Aphrodite's words, her eyes didn't leave the sight before her for a second. The girl he was fucking, she was having the weirdest face she had ever seen in her life. Her tongue lolled out, her eyes rolled into the back of her head, and she was drooling like her wolfs when they were hungry and she decided to feed them with raw meat. Her moans and cries showed that she was in pure bliss, being fucked by a man from behind as he held on her hip and slammed her rapidly against his body.

She knew what they were doing alright.

"You like that?" Aphrodite asked as Artemis dropped to her knees, her breathing became uncontrollable "Three thousand years of resistance must be very hard for you Artemis. Don't you feel stress sometime? Don't you want Naruto to touch you like that again? Don't you want him to give you the very same treatment."

"Shu-shut upâ€¦ I don't want it." Artemis gritted her teeth, trying to resist the effect of Aphrodite's Charmspeak.

"Tell yourself that forever Artemis, you'll never know how it feel like be touched and loved by a man."

Naruto then suddenly grunted loudly and pulled Cytherea to him, and Artemis' eyes nearly popped out of her head when she saw her belly swell up like a balloon. They stayed like that for several minutes before Naruto slowly withdrew his cock from a sperm stuffed handmaiden, whose belly looked like she was nine-months pregnant. Artemis' eyes widened even more when his cock just seemed to go on forever and when the whole thing was pretty much visible, looking like a melting vanilla ice-cream with the thick white goo coating it, Artemis turned around and tried to run away.

However, for the first time Aphrodite was faster, as she jumped on

Artemis' back and tackled her down to the ground, using her superior strength of the daughter of Ouranos to keep Artemis. One of her hand, however went to knead Artemis' large breast while the other went down to caress Artemis' pussy through her legging.

Aphrodite smirked at what she felt.

"No chest binding? Not even a bra, Are you expecting this?" Aphrodite said as she teased the goddess of the hunt harder "Holy Zeus your body is sensitive." She said in amazement.

"Stop..hyann~â€¦ release me." Artemis tried not to moan, but found herself moan even louder than before.

"Give up Artemis, you know you want it." Aphrodite said as she kept Artemis immobilize "I locked my place, you won't be able to leave, even with teleport."

"Stopâ€¦ AH~" Artemis moaned loudly as Aphrodite made her legging disappear "Not even pantiesâ€¦ now who is the real slut around here?" Aphrodite asked excitedly as she rubbed Artemis' pussy with the tip of her finger. The goddess of the Hunt tried to resist, but in term of strength Aphrodite was far stronger and went she thrust her middle finger into her cunt, Artemis' body went limp.

And she come, squirting madly without stopping for a whole ten seconds, spraying her juice into a thin mist. Even after coming down from her high, Artemis kept on cumming, her body twitching gently against Aphrodite's chest.

"You like that?" Aphrodite asked while gently fingering her wet fold "That's what we call releaseâ€¦ or cum."

"So good~â€¦. so good~â€¦" Artemis moaned as she threw her head back, her eyes snapped wide in shock and surprise.

"You want to know something even better?" Aphrodite asked as she sat up, pushing Artemis up with her as well "That is something way way bigger than my finger." Artemis' eyes went wide as she was forced to look at Naruto's rigid cock, the thing that not a moment ago she tried not to look at, yet now she found herself unable to look away, drooling slightly at the thought of having it in her pussy.

"Go for it." Aphrodite whispered into Artemis' ear, sealing her fate "Don't be shyâ€¦" Aphrodite tore the top of her silver tunic apart, freeing the second biggest tits of the Greek Pantheon. "Go greet master."

And that was the last straw for Artemis to stand up on her feet and slowly make her way to Naruto, climbing on Aphrodite's bed and stood before him, her face blushing madly at the taller man.

"P-pleaseâ€¦" Artemis said with a low tone, looking at Naruto whose lips curved up slightly "â€¦ make me aâ€¦ woman."

"As your service, milady." Naruto said cockily and stepped forward, grabbed her shoulder and pushed his lips against hers, trying his best to do it gently so Artemis wouldn't come out of her lust state and return to her oldself. His hands trailed down her arms as he kissed her, making Artemis moan softly into his mouth and parted her

lips slightly, allowing Naruto to put his tongue into her mouth.

Artemis was shocked by such an act. Mind you this wasn't her first kiss, but during that time it was only lips touch. Naruto was licking her tongue and exposing every corner of her mouth with his tongue and soon Artemis found herself return the favor. She didn't know what she should do, but she decided to copy him, hesitating at first but becoming more confident as they continued to make out.

Aphrodite climbed on her bed next to them and beckoned her handmaidens to come over. This was simply gold, pure gold for each of them.

As Naruto slowly pulled back, a thing string of saliva connected their lips together, Artemis found herself breathless and started gasping for air. It was better than she thought.

"You have no idea what to do next, don't you?" Naruto asked and Artemis shook her head "Don't worry, you have a very good teacher right here." He looked at Aphrodite, who then giggled and grabbed Artemis' hand.

"We're sister from now on Artemis." She said excitedly "Get on your knees, I will guide you." And so, Artemis found herself face to face with Naruto's cock, seeing it up close like this made her gulp nervously. It was just too big, maybe as big as her arm and she could barely believe Aphrodite's handmaiden could take this into her.

"Whatâ€¦ what should I do?" Artemis asked, looking at the Goddess of Love.

"Hold it with both of your hands." Aphrodite said, making a gesture with her own hands as if she was stroking his cock "Do it like this, gently if you want but you want to get it rough, then fast and hard."

Artemis nodded her head and did what she was told, wrapping her fingers around his cock, which could barely encircle it and slowly stroking him, swiveling them around the girth as she moved it up and down then up then down again. Artemis took her hands back n nervousness when it twitched, but soon continued to jack him off with her surprisingly soft hands.

"Alright, sniff it." Even Naruto had to turn his head to look at Aphrodite as if she was crazy "sniff and remember his scent."

"Be serious Aphrodite." Artemis said that, but she drew closer and sniffed the tip of his cock, inhaling the masculine scent and getting a little bit light headed.

"Smell good, isn't he?" Aphrodite giggled before saying "Alright, kiss the tip of his cock, he likes it when we do that." Artemis drew closer and kissed his cock, staying like that for several seconds before pulling back "Time for you to lick. You're a wolf aren't you? Kind of close to a dog so lick it like a bitch you're." Artemis stuck out her tongue and licked the head first, finding it surprisingly tasty."Oh, be creative and make sure to coat his entire dick in your spit."

Slowly, Artemis started licking Naruto's cock around the big head, going down further after making sure that it was coated in her saliva. She licked her lips down from the tip down to the space before going up, repeating the process till only her saliva coated the shaft.

"Treat his balls as well." Naruto decided to step in and lifted his cock up, showing Artemis his giant size ball sack. The goddess drew closer and licked his balls. Naruto couldn't help but groan a little at this, Artemis was inexperienced, but it made her efforts in serving him surprisingly enjoyable.

"Alright, that should be okay." Aphrodite said as Naruto dropped his cock, so Artemis could hold onto it with both hands again "Time for you to suck, start with the head, remember to move your tongue as well."

Artemis opened her mouth as much as possible and slid the head of his cock pass her lips, swirling her tongue around the head before taking more and more of his cock into her mouth as possible. She closed her eyes and tried to breath normally, drooling crazily as she took another inch of his cock into her mouth.

"Oh my, she is enthusiastic, isn't she? I believe I don't need to guide her in this." Aphrodite asked her handmaidens and they all giggled at that "Come here girls, treat your mistress as well." Two of them immediately took her breasts into their hands and sucked on her nipples, while another got to the between of her legs and started eating her pussy.

When the tip of his cock hit her throat, Artemis decided to pull back until only the head of his cock was in her mouth before she pushed her head forward again, this time taking more and more of his cock down her throat. She gagged gently as the head finally went down her throat, but kept on going until she choked and had to pull back.

"Don't force yourself Artemis." Naruto said as he placed a hand on her head "You're a first timer, take it slow." Artemis stared up at him for a moment before returning to suck him.

For nearly thirty minutes, all she did was sucking his cock and no matter how much she tried, she couldn't get pass the eight inches limit, something Aphrodite took pleasure in taunting her at the side. In her own opinion, cock sucking was pretty simple and soon Artemis found herself enjoy the feeling of his cock in her mouth.

"Don't feel so proud of yourself just yet Artemis." Artemis opened her eyes to glare at Aphrodite, while having seven inches of his cock stuffed in her mouth "You still have much to learn."

"Would you just shut up for a second Aphrodite?" Artemis pulled back and asked in annoyance "As if you can do better in the first try."

"Actually, I was able to take it all down my throat on my first try." Aphrodite then shoved Artemis away and kneeled underneath Naruto "How about I show it to you?"

"Hey, that's mine!" Artemis cried but Naruto held a hand out to stop her.

"Show her how to do it Aphrodite." Naruto said and pushed his cock against the goddess of love's lips.

"Watch and learn, child." Aphrodite said tauntingly before opening her mouth wide and took all of his cock into her mouth and down her throat much to Artemis's shock. Aphrodite pulled her head back, sucking like a vacuum all the way before rapidly slamming her head down. She kept it like that for a minute, bringing him very close to cumming.

"Slut." Artemis growled.

Aphrodite then pulled back and walked away on her knees "Aren't you one now?"

"Don't worry, you'll be able to do it soon." Naruto encouraged Artemis as she stroked his cock with both hands, looking up at him with beautiful silver eyes "God, your eyes are beautiful."

"T-thank you." Artemis blushed at that.

"Hey, my eyes can't be better." Aphrodite jumped in with the same silver eyes, but Artemis grabbed her head and roughly shoved her away.

"Ahâ€¦" Artemis yelped in surprise when a large rope of pre-cum shot out from Naruto's cock, landing on her face "Whatâ€¦?" Artemis touched the cum and looked at the white goo on her fingers.

"It's pre-cum, he's close to cumming." Aphrodite said before pushing her chest out "Surprisingly, it's all my work."

"Grrâ€¦" Artemis growled in annoyance and looked at Naruto's cock for a second before opening her mouth.

"Hey wait!" Naruto said loudly when Artemis suddenly wrapped her arms around his legs and pulled him to her, making his cock spear into her throat, going pass her limit and went taking all fifteen inches into her much to Aphrodite's shock. Artemis stayed like that for several second, keeping her face against his pelvis as she closed her eyes tight, completely unaware that Naruto's cock was horsing his cum down her gullet.

After twenty seconds, Artemis found herself unable to take it anymore and had to pull back, coughing violently. Naruto's cock sprayed its cum, shooting blast after blast of sperm onto Artemis' body and changed the color of her hair.

"Are you trying to kill yourself?" Naruto asked as he pulled a handmaiden to his cock so he could dump his load somewhere, glaring at Artemis as she wiped her mouth with the back of her hand.

"Canâ€¦notâ€¦ help it." Artemis said breathlessly as she then looked up and glared at Aphrodite with a smirk "Surprise? Didn't expect that from me, did you?"

"I must admitâ€¦" Aphrodite nodded her head slowly before giving her a thumb up "I was convinced."

"What now?" Artemis asked as Naruto removed the handmaiden's head from his crotch and approached now.

"Now?" Aphrodite made a dark laughter "He fucks you."

Naruto grabbed her shoulders once again and pushed her down to the bed, grabbing her silver tunic he tore it and threw it away, finally Artemis was completely naked. Artemis knew what was about to cum and couldn't help but feel nervous and excited at the same time. She was about to give up what she kept for three thousand year, breaking her vow and properly getting herself a lot of trouble afterward, but she didn't careâ€¦ there was no turning back for Artemis.

Naruto drank in the sight of Artemis' naked body, feeling extremely aroused by it. Unlike Aphrodite she was a fighter, with three thousand years of traveling around the world, hunting the most dangerous monsters and enemies. Her body was tone, shapely and surprisingly feminine. There was no useless muscles, or anything that made her look like some female body builderâ€¦ just enough to make her look like Aphrodite, but a lot healthier than the goddess of love.

A virgin goddessâ€¦

He was about to take the virgin of a goddess.

"Oh, Naruto." Aphrodite spoke up "Let me warn you first. Mortal cannot take a goddess' virginity, her hymen is ten times stronger and harder than mortal women. You will have to try a lot harder than usual if you want to take her virginity."

"Watch me." To ensure his victory, Naruto wrapped his body in golden energy, calling for the chakra of what was sealed within him.

Artemis gasped at his state, having seen it for the first time. For an unknown reason, the man above her suddenly became a lot more powerfulâ€¦ ten, or maybe twenty times more powerful and radiating so much energy that she thought she was in the middle of a nuclear explosion.

Maybe in this state, he would be able to claim her virginity and make her his for real.

"You ready?" Naruto asked as he took a hold of Artemis' thigh, spreading her legs apart and put his cock against her pussy's entrance.

"Y-yes, please be gentle." Artemis nodded her head and braced herself.

Naruto leaned in and took a hold of her hip, beginning to slowly thrust his cock into her pussy, stuffing an inch in at a time. This was the first time Naruto had been gentle with any woman, as he usually took their virginity rather roughly so the pain would go away as soon as possible for the fucking to come.

She was extremely tight, a little tighter than Aphrodite, as expected from a virgin goddess.

Then, just like Aphrodite said Naruto met Artemis' godly hymen. It was giving him the feeling of touching against a hard, unbreakable wall.

"Here I come." With a combination of both speed and strength, Naruto launched himself forward and broke through her hymen with the strength that put into a punch, could destroy the entire mountain. Artemis cried out in pan as tears flowed down from her eyes. Golden blood dripped down to the bed from the inside of her pussy.

"IT'S HURT!" Artemis screamed "PULL IT OUT! PULL IT OUT! IT'S HURT SO MUCH!" Naruto grabbed her arms and kept her from punching him. Her punches hurt a lot and if he wasn't careful he would be launched across the room with them. Her legs were kicking around wildly, but with Naruto's position he was sure that he wouldn't be kicked by her.

Until her ankle slammed rapidly into his back, forcing Naruto to slide his cock farther and farther into her pussy. Naruto was afraid that she might broke his backbone several times.

"She was punched, kicked, cut, stabbed and burnedâ€¦ yet she screamed like a banshee."

Naruto heard Aphrodite said.

Soon, the pain disappeared and Artemis' body finally went limp, breathing heavily with nearly a half of Naruto's cock inside of her. Naruto climbed up to her body and looked at her from above, staring into her beautiful silver eyes before lowering down to kiss her softly on her lips.

"Better?" He asked, with concern. His body turned back to normal.

"You'll move now?" Artemis asked nervously and Naruto nodded his head.

He pushed in until his cock hit the back of her pussy, making Artemis moan out loudly at the feeling of his huge cock in her carven. The goddess moaned, as Naruto then pull back before moving in again, as gently and as slow as he could. Naruto couldn't bring himself to ravish her like what he did to other lovers of him, she used to be a girl with a deep hatred for men, the one who stood up for the females in an overreacted way, the one who vowed to keep her virginity forever and in three thousand years she enjoyed the life of hunting men down. It made Naruto feel somewhat special to be the one who took her virginity and maybe the only one that she would come to love afterward.

"Aaaahhhâ€¦..oh yes", her moans becoming louder while Naruto had his eyes stayed on her, the two kept staring at each other all the while.

"How romanticâ€¦" Aphrodite whispered as she wiped her eyes with a handkerchief. Artemis finally settled down, her master was the one who was giving it to her, with her helpâ€¦ Aphrodite had never felt

so much pride in her life as the Goddess of Love.

"Ohâ€¦Oh myâ€¦.this is amazing." Artemis said in her panting voice, a second later Naruto's eyes were clenched shut in pleasure as he rest his head against her chest, trying to keep himself from cumming. He continued to move in & out of her as a steady pace started to develop between them.

"Godâ€¦ this is soâ€¦ goodâ€¦" Naruto moaned, picking pace up just a little, supporting his weight with one hand while his other one began to rub and pinch her nipples.

"You like this?" Naruto asked as he hit the back of her wall again.

"Yesâ€¦ please, harder Naruto." She moaned, feeling herself want more of the feeling call pleasure "I love youâ€¦ I love youâ€¦" She said as he kept on going for several minutes, lewd sounds being produced as their skins slapped against each other mixing with the slimy sounds of her fluids. Artemis wrapped her arms around him and hugged Naruto against her body, moaning into his ear as she kissed his shoulder.

This must be itâ€¦ Naruto finally realized it, this was what he had been looking for all this time. This was the place he belonged to, the place to calm his heart downâ€¦ not to mention Aphrodite, the goddess that could bring new thrill and excitement into the hellhole Naruto call his life.

One with passion and one with gentleness.

"Artemisâ€¦ I love you." Naruto said as he thrust his hip faster.

"Oh dear Chaos!" Aphrodite squealed excitedly before turning to her girls "Quick! Grab me a camera, a recorder, anything!"

"Am I the first woman you said those words to?" Artemis asked lovingly, putting her hand onto Naruto's cheeks as he stopped for a moment.

"Yeahâ€¦" Naruto nodded his head "Sorry for how I actedâ€¦ you know, I wasâ€¦"

"Don'tâ€¦ I would love to get to know you more later Naruto." Artemis shook her head "For now, weâ€¦"

"Aw~, you two are just so cute." Aphrodite suddenly appeared next to her, lying on her front with her chin resting on her hands "I love Naruto as much as you, but I also love putting love birds together."

"Would you justâ€¦ disappear for a second Aphrodite." Artemis glared at the other goddess.

"Ah ah ah" Aphrodite swayed her finger around with a smirk "Get used to it, we're going to spend a lot of time together from now on Artemis." She reached her hand out and put it on Artemis' cheek "A lot of time together." Artemis shuddered in fear at the eyes Aphrodite was making, promising a not so bright future for her with

the goddess of love. She then turned to Naruto and kissed him, hard and passionate, unlike the kisses Artemis shared with Naruto "Now fuck her."

She grinned and Naruto did just that.

For several minutes Naruto fucked her with fast and strong thrust, finally picking up the pace to increase the pleasure. Artemis surprisingly took it rather well, and soon her legs wrapped around his waist, as if she didn't want him to pull out. Artemis' legs strength was ridiculous, but Naruto managed to bring them both to orgasm soon after that.

"I CUMMMIIIINNNGGGG" Artemis' eyes rolled back into her head as she felt his hot and thick sperm filled her completely from the inside before forcing her womb to expand on itself.

Naruto groaned loudly as her cunt crushed his cock, milking his dick from all it worth. He came and came, filling her up and Artemis' belly soon expanded by the gallons of sperm he kept pumping into her through his dick. Looking down after Naruto had pulled out and shot a few ropes onto her body, she found her belly nowhere near as big as Cytherea after Naruto was done with her, showing that he didn't come as much, feeling a little disappointed by it.

"That was good." Naruto said as he shot a thick rope onto her face, smiling as she pout with her left cheek puff out.

"Aw~, I didn't know that you can make this kind of face too." Aphrodite grinned, putting her hand on Artemis' chin and licked the sperm from Artemis' cheek, making her back away in surprise "Don't be so shyâ€¦" the goddess of love giggled.

"Are we done Naruto?" Artemis shook her head before asking the man who was now her lover.

"Not by a long shot honey." Naruto decided to let Aphrodite answered it for him, as she turned around and showed her ass to Artemis, patting her bubble ass cheek gently with her hand "He still have to fuck your asshole and go through many rounds with both holes afterwardâ€¦ but anal is way more painful than virginity taking, are you sure you want to have it?" Artemis' face lost its color immediately.

"I don't careâ€¦" Artemis pushed herself to Naruto, making up her mind "I willâ€¦"

"Ah ah ah, stop right there girl." Aphrodite immediately stepped in between her and Naruto, her prize before saying "You join this little group of his lovers then you will have to learn to share, and I want a few turns for tonight as well."

"Share? With you? And them?" Artemis asked, glaring at Artemis and the group of women on the floor behind her "Excuse me but we both know who is the right one for him. You, on the other hand, have quite a reputation, don't you think?"

"First Artemis, he doesn't care." Naruto nodded his head slowly in agreement "Second, he likes women that can satisfy him and a little slutty, look at that dick!" Aphrodite said loudly, surprised Artemis

and pointed her hand to the still hard cock "It's still hard, meaning he's not satisfy. Third, he likes women that obey his wordsâ€¦"

"Aphrodite, in truth I also like one that can fight back as well." Artemis made a proud smile at that.

"Uhâ€¦ I mean he like women that is submissive to him, who won't question his words, actions and intentions and will kiss his dick whenever he has it out of his pant." Now it was Naruto's turn to be glared at "Men have different tastes so get used to it bitch."

"What's your point?"

"My point isâ€¦ will you share him with other women as well Artemis?" Aphrodite asked, crossing her arms underneath her naked chest "I learnt how to share my man the moment I decide to give him my handmaidens to keep himself busy while I'm away, doing my job as a goddess. What about you? Will you?"

"Iâ€¦ Iâ€¦"

"Yes, stutterâ€¦" Aphrodite threw her hands into the air and stood up, walking to Naruto and wrapping her hands around his neck "While you're still thinking about that, how about I show you a few things about him?" she turned her head around to look at Artemis, winking "Watch and learn kid, don't try this at home, or anywhere. The thing you're about to see is not real, usually in stories you can find on the internet, written by many pervert authors like YagamiNguyenâ€¦ is that that douche's real name anyway?" after that, she jumped on Naruto and got slammed down the bed.

For the next few hours, Artemis was able to witness what could be the craziest thing she had ever seen in her life, as she sat next to Naruto and Aphrodite, mouth gasping like a fish, her eyes widened wide in shock and she kept muttering praying words like 'By Chaos' or 'Dear father' as she watched Naruto fucked the hell out of Aphrodite.

Their sex making was really intense, and Aphrodite took all of his cock into any holes on her body without so much of a trouble much to her amazement. The love goddess moaned and screamed as Naruto pounded her pussy mercilessly from above, sucking on her tits while his hand roughly kneading them. He then proceeded to ride Aphrodite from behind, fucking her ass while pulling on her hair to keep her upper body on the bed, her breasts rapidly slapped against her face. Even the male wolves belonged to the Hunt in their mating season weren't this rough to their partner.

When Naruto finished with Aphrodite's backdoor, he grabbed her head and started fucking her face, as if he was fucking a pussy before dumping his four loads down her overflowing belly. Naruto then pushed her down and sat on her stuffed stomach, putting his cock between the valley of her breasts and pressed her huge orbs together, sliding his cock between them while moaning out loudly in pleasure.

This made Artemis look down at one of her feminine charms. Her breasts were too big in her opinion, as they're only slightly smaller than Aphrodite's and always got in the way while she was hunting. So

she always wore chest binds or shrunk down to her ten years old form. But after seeing Naruto fucked Aphrodite's tits, she thought maybe she could give him the same treatment.

Naruto then picked Aphrodite up again and fucked her while standing, hooking his hands underneath her knees and thrust his hip upward. Aphrodite by now was a mess, but she was still pretty much grinning and moaning in pleasure as her manâ€¦ their man fucked her violently.

"YES!" Aphrodite cried as Naruto dropped her on his cock, releasing his grip on her knees as he cum into her yet again. Aphrodite was hanged on him for several seconds before she slid out and fell down to the bed. Naruto grabbed his swaying, cumming dick and showered her with his cream, making sure to cover her tits and her face in the white lava-like liquid.

"Thatâ€¦ is how you get fucked by him." Aphrodite said breathlessly while looking at a shocked Artemis from upside down. In no time, with the power over lust, Aphrodite's strength was returned to her as she clicked her fingers and made the cum on her body disappear "And before you start it, no, you're no capable of doing something like this."

That, Artemis had to agree.

"I think I'm going to get some sleep now." Naruto said as he laid his back down the middle of the bed with his cock slowly limping away, finally satisfied after a day of nothing but sex. Aphrodite immediately shot into his right arm and laid down, linking her leg with him and hugged Naruto as tight as she could.

"What are you waiting for?" The love goddess asked as she looked at Artemis.

"C'mon, come here." Naruto told to the goddess of the hunt, no longer one of the three virgin goddesses to come over.

Artemis nodded her head before climbing into his arm, resting her head against his strong arm and stared at Aphrodite from the other side.

""Good night Naruto/Master.""

"Good night girls." Naruto kissed each of them on the top of their heads before closing his eyes.

One with passion and the other with gentleness.

><p>Yagami's note: DANG! Another 10k+ chapters for you. I have two days off so I worked my ass off to deliver this chapter to you guys, hope you'll enjoy it._

_**I decided to change the plot of this chapter, Naruto will claim

Mei Terumi in the next chapter and mostly, mostly this entire chapter is for Artemis. I tried to make Naruto's sex scene with her as enjoyable as possible, something that I barely do for my smut fic so I hope you like it, and the personality I decided to give her in this little story of mine. (ÃŠ nhÃ³c, thá°¥y há°¿t na nÃ¡ giá»‘ng nhau rá»“i chá»› :))~ sorry, was talking to a reader of mine who came from my country)**_

**Also, about the last chapter, some are confused by the power level between Naruto and the gods and said that I underestimated the gods too much, so I will clear this out for you here of why Naruto is fighting on the same ground with a powerful goddess like Artemis.**

**First she is underestimate him and his speed. **

**Second, no one, especially a virgin goddess would expect a man to be braved enough to touch her that way **

**Artemis wasn't loosing, it's just that Naruto is keeping up with her knife fighting. **

**While an expert in fighting with three thousand years of experience, she is not the best in fighting melee, she is the best in archery. **

**She wasn't using her bow, her godly weapon to attack him yet. **

**She was not in her godly form, something that would far surpass any mortal beings and kill them if they accidentally look at. **

**She wasn't using her shape-shifting, or any other kind of her powers to fight him seriously.**

**She could turn him into a jackalope, if it wasn't for Aphrodite.**

**Aka = She would fuck Naruto in a matter of second if she fought seriously.**

**But I don't think power level is that important to this story.**

**About his mother and his unborn sister, I made a mistake in the latest chapter, they're dead. Naruto's sister isn't born yet, I clearly stated that the night Kyuubi attack was the night she learnt that she was pregnant, not the night she gave birth to his sister.**

**More goddesses as well as women will join his harem later, and Shinto Goddesses will appear soon.**

**The Chunin Exam starts in the next chapter, wait for it as actions are about to come, not just sex scenes.**

**Sorry I cannot update The Contract the Pure, because I spent the entire day working on this fic.**

**READ and REVIEW (FEED ME REVIEW! REVIEWS ARE THE BEST, LET'S MAKE IT MOAR RIEVIEWS THAN THE LATEST CHAPTER!)**

_**Ja ne!**_

**P/S: Wonder what happened to Kyuubi? In the next chapter guys!**

**Also, from this point I will start a little bit one-side yuri relationship between Aphrodite and Artemis as well**

4. Chapter 4

Warning: This story is made of pure imagination of the author's crazy imagination, please don't read if you're not of age yet, or have problem control your imagination. The author doesn't and will not encourage such things being done by those who mentioned above in real life. I strongly discourage 18- from reading this.

Also for those who are 18 plus, this story contains sexual material not suited for morons that can't tell fantasy from reality. This is a work of imagination like belly bulge, massive dick can release gallon of cum and unholy stamina so don't ask me why I put this warning.

Also, warning for Gore and Extremely Dark tone of the fic.

**The Morning After**

Artemis sighed in satisfaction as she let the hot water poured down her body, washing away the soap she used to clean the dried cum from her voluptuous body. She rarely gets a hot bath like this because of her hunting life, but she always enjoys it whenever she has one and Aphrodite's bathroom is simply ridiculously big. She didn't know why Aphrodite need a bath so big and fancy like this, as she was currently standing in the shower triple the one at her palace. This bathroom also had various kind of bathes, such as standard bath, freestanding bath, even the ones like whirlpool and spa bathâ€¦ there were a sizable indoor pool, a small hot spring at a corner with statue women pouring the water down from the vases on their shoulders.

Last night was crazy, but amazingâ€¦ for the first time in her life, she felt complete. Naruto loved her and while he could fuck her like he fucked Aphrodite, he chose not to and made slow yet passionate love to her, something she was very grateful for. It made her feel more special than Aphrodite, as she was given love and not animalistic fucks. Naruto was wonderful, even the woman she hated the most in the world, who spent her bed with more than a thousand men in her immortal lifetime admitted that.

She knew the trouble she had gotten herself in. She broke her vow of maidenhood and gave herself to a man, if her father or brother learnt about this, they would be so furious and she was afraid that Apollo might trick her into killing the man she love, again. She knew that this time she had Aphrodite on her side and she wouldn't get Naruto killed that easily, but she had every reason to get worried. She also didn't know how her sistersâ€¦ the hunt would react when they learnt about Artemis no longer a virgin. She loved them with all her heart and didn't want to lose any of them.

So for now, she had to keep secret. Aphrodite could be a loud mouth woman, stereotype kind of girl who loved to gossip but she believed the goddess of love knew the trouble she could cause if this matter got out.

There was no door on from the bathroom to the bedchamber, so Artemis could see anything that was happening outside. Naruto was having way too much fun again, fucking around with Aphrodite's handmaidens to satisfy something he called morning wood. It was strange, because in her life of rescuing women from a fate worse than death, she had stopped many raping attempts or even in the middle of rape much to her disgust and the men all wore a lustful smile and excited expression before she put an arrow through their heads, but Naruto on the other hand was keeping a rather straight face. Sure he was moaning, groaning and grunting in pleasure as he thrust his cock into one of Aphrodite's handmaidens but he didn't show any sign of being excited or happy like how he did when the two of them made love to each other.

It made her feel somewhat special to him and surprisingly enough, she didn't have any trouble with him fooling around with many women like that. Maybe Aphrodite was messing her mind up with those tricks of her, now that she knew what was love and no longer regreted it she

would be affected by that goddess' power.

Naruto had a lot of darkness in his eyes, what happened to him to have those eyes was one of her many questions about Naruto.

As more and more women threw themselves on the bed to have a chance with Naruto's might, she realized that one was missingâ€¦

Their mistress.

Artemis gasped out in surprise when suddenly she was forcefully turned around by a pair of hands on her shoulders and her still parting lips were forced to kiss another pair of incredible soft lips, a tongue moved into her mouth and forced her to gulp down something that was sweet in taste.

It was Aphrodite who was kissing her.

"Aphrodite!" Artemis shouted and forced the love goddess away, who was as naked as she was in the shower "What did youâ€¦" Artemis then suddenly gasped strongly when she felt herself getting incredibly horny, her vision became somewhat blurry and her body felt like it was lifted on fire, especially around her pussy where she was having an unbearable, funny feeling. Her body twitched slightly before a dark red blush spread over her cheeks "What did you give me?!" Artemis asked as she stood underneath the water, in hope of easing the feeling. However, the hot water only made it worse and maybe it was because of the burning sensation, it felt a lot cooler now.

"Something to remove your resistance to my attempt of raping you Artemis." Aphrodite said as she flicked a bottle of pink fluid and put it to her mouth, gulping it all down her throat "My strongest aphrodisiacâ€¦ um, it's tastier than I thought." Aphrodite threw the bottle away and then moaned out loudly, unlike Artemis she wasn't hesitate in using her hands to please herself.

But that only last for a few seconds before Aphrodite slammed herself onto Artemis and the two goddesses furiously made out with each other.

Naruto allowed the girls to claim their lips around his cock while he was cumming, his heads turned to look at the bathroom when he heard Artemis and Aphrodite's moans from inside the shower. The goddess of love had Artemis against the glass wall, one hand kneading the huntress' breast and the other furiously fingering her pussy while furiously making out with her. Surprisingly, Artemis was returning the favor by kissing back and giving Aphrodite's pussy the same treatment.

Those erotic body and giant breasts mashed against each other was a great sight but unfortunately he couldn't be here to enjoy it.

So, Naruto created a single clone that could last for days before leaving in a flash.

"Oh dear, lucky me." Said the clone as he looked at all the naked women before him, looking at him hungrily and lustfully.

Line Break

The moment Naruto was back to his world, his cold mask was on.

"Hello Naruto." Naruto almost jumped when he heard that voice, turning his head back his eyes widened when he saw Artemis sitting on the chair beside his dining table, wearing her silver tunic but without her silver leggings, giving Naruto a great view of her tone thighs and long legs.

"Artemisâ€¦ but Iâ€¦" Naruto pointed to the sky above, asking with surprise.

"Gods like us can be at multi places at once." She said, crossing her legs seductively "Even now, I'm currently leading my hunt and reading a book about seduction at a library twenty thousand miles away." She then frowned "And getting raped by Aphrodite at the same time."

"But how?" Naruto asked "You can create clones?"

"Not clones, not like you at least. I split my consciousness." Naruto nodded his head in understanding "Aphrodite never used this power for you, did she? It's because splitting our consciousness will make us less focus on a current task, Aphrodite as you can see, want to keep her mind around sex only." Artemis growled quietly at that "Me? I'm skill enough to create four copies of myself."

"Cool." Naruto nodded his head "How's it going with Aphrodite?" he couldn't help but ask, they were being pretty intense on Olympus after all.

"She drugged me with Aphrodisiac." Artemis growled before saying "I mean, she loves you doesn't she? Then why she is she soâ€¦ soâ€¦"

"So interested in you?" Naruto spoke and laughed after that "You really shouldn't ask that Artemis. You saw how her handmaidens dressed. Their duties aren't just taking care of her palace, but please her when there is no man occupy her bed, or she is in the mood for some lesbian sex." Naruto pointed out "I believe she is hermaphrodite, someone who is into both man and woman." He said before realizing that "Come to think of it, things like aphrodisiac, hermaphroditeâ€¦ all of them were based on her name, weren't they?"

"You have no idea." Artemis said "You're okay with that?"

"It's hot, if you ask me." Naruto grinned while putting his clothes on.

"You men are so weird." Artemis stood up and walked to him "and I can't believe that I'm reading a book about seduction just to seduce you." She wrapped her arms around his neck and Naruto in turn, put his hand on her back, just a little above her round shape ass and brought her close to him.

"Don't force it, you're not Aphrodite and you don't need to be as skill as she is to get my attention Artemis." He leaned in and kissed her, and Artemis was more than welcome it.

"I love you." She said with love, and smiled at him.

"Love you too." Naruto kissed her one more time before releasing her to grab his jacket.

"Waitâ€¦ seriously man like slapping our ass?" Artemis asked in disbelief at what she read. She could remember last night while fucking Aphrodite's ass Naruto did slap her a lot on her ass.

"What the hell are you reading?" Naruto asked blankly but Artemis already turned around and stuck out her ass, her silver tunic was lifted up and gave a fair view to her ass cheeks.

"Would you like to slap it?" she asked with a small blush "I don't mind."

"Seriously, are you sure that your consciousnesses are not affected by the aphrodisiac?" But Naruto did raise his hand and spank her, hard before rubbing it with his hand. "First advice, don't copy Aphrodite so you can please me." He told her, which Artemis nodded her head, completely agreed with him. Naruto headed to the door and opened it "See you later, Artemis." Naruto smiled at her before shooting to the nearest rooftop, heading to the Hokage's office in order to meet the Godaime and learn about his duty during the Chunin Exam.

"See you later, Naruto." And she soon faded away.

Line Break

As Naruto moved from building to building, he closed his eyes for a single second, allowing a part of his consciousness to appear in his mindscape.

With his powerful mental ability, he was able to change that place to his liking. From a sewer, he was able to change it to something that would freak anyone other than the members of Konoha Torture and Interrogation Force, especially Anko who would wet her panties the moment she saw the place and surely she would beg him to use it on her. The place was big, and filled with various torture devices that Naruto could think of and even some of them were for sexual breaking.

As Naruto stepped further into the room, he came to stand in front of a small prison, a normal filthy prison that could be found anywhere in this world in a Ninja village. The bars were rusty and could easily broken out, inside there was a bed with ragged clothes, a toilet but surprisingly clean and nothing else. He didn't want the back of his mind to look this dirty, but it was necessary.

There, at the other side of the room wearing nothing but a ragged loin clothes, were a surprisingly beautiful young woman, despite her dirty state with deep red hair with streaks of black that were highlighted in it, and bangs that frame her face almost too perfect. Her most noticeable features being a pair of fox ears on the top of her head and nine orange tails behind her back. She appeared to be sleeping as her incredibly large chest, which barely covered by the nearly destroyed loin cloth, was moving gently as she was breathing softly in her sleep. She was sitting on the ground, but had her hands forcefully raised above her head, bonded by chains and

shackles.

"Looking good, aren't you?" Naruto said cruelly. In his mindscape, he was the god, he could do anything he want in here with just a single thought of his mind.

She was the nightmare of his childhood.

The woman opened her eyes when she heard his voice and turned her head up, looking at him with fear "M-mâ€¦ mâ€¦aster." She stuttered in fear and tried to back away, but her back was against the wall so there was no place for her to go.

She was the one that killed his father and mother.

"Good morning, pet." Naruto smirked as he stood above her, grabbing a fistful of her red hair to pull her head up when she tried to look away from him "I don't think you miss your master that much, do you?" He asked and slapped her face, hard.

"N-noâ€¦ Iâ€¦ I miss you Naruto-sama."

She was the one that took everything from him.

"I bet that you have been enjoying yourself the last couple of days without me around." Unlike the others she still had some fire in her eyes, making her one of his most favorite just after his two slutty and lovely goddesses, Aphrodite and Artemis "Don't worry, your master is here to help you with your need." His hand moved down to her lower body and thrust into her loin clothes, slamming four fingers of his hands into her pussy much to her shock. He furiously fingered her, adding a bit of chakra into his hand to stir the inside of her up. And the woman, instead of pain, she was crying out loud in pleasure, making a very stupid Ahegao smile with her eyes rolled into the back of her head "What a slut! Said the key words Kyuubi." He had broken her pretty well.

"PLEASE USE ME!" She screamed and climax strongly into his hand and it took her several seconds to get down from her high "â€¦pleaseâ€¦ fuck this vixen and use me to breed your future clan members." She sobbed quietly as Naruto smeared her own cum onto her face, and he wasn't being gentle about it.

The Kyuubi no Kitsune, the strongest Bijuu, the beast that his father sealed into him was then nothing but one of his personal cumdumpster.

"Lucky for you I'm in a good mood today." Naruto said as he then released her hair. And in a flash, the torture room and prison disappeared and was replaced with his own apartment. This made Kyuubi widened her eyes in surprise before turning her head to look at him, her mind trying to wonder what could possibly give him such a good mood "Enjoy it while it last Kyuubi, my kindness is not for grant to the like of you." He turned around and walked away, heading to the door of the perfect replica of his apartment which would be the exit of his mindscape

"Masterâ€¦" Kyuubi trailed off and felt tears forming at the corner of her eyes. She got on all four and bowed as deep as she could, her forehead touched the floor "Thank you!" And Naruto left after that

without saying another words. She waited until Naruto finally left his mindscape to stand up and ran straight into the bathroom.

><p>Yagami's note: Sorry for the short chapter, but as you can see lately I have been busy with The Contract: The Pure. Considering that it's a rewrite story of my first ever story, the story that made my name I would like to pay more attention to it. This chapter was made in a hurry, suppose to be 4k+ long but I decided to remove a special scene between Clone Naruto, Artemis and Aphrodite and move it to the next chapter._

**I guess you've found out Kyuubi's condition at this pointâ€¦ yep, another woman revealed to be broken by Naruto Uzumaki. **

**Don't worry, I will let him chill down with her (a little bit). Considering that his lover is the goddess that despite men for how they treat women, Naruto of course wouldn't want to make her get disappointed and felt betrayed by him. She'll be more like a PET that is completely loyal to Naruto, but his feeling for the Vixen will grow overtime.**

**Other than that scene I was talking about, Naruto will claim Mei Terumi at the next chapter, and the it'd also be the first stage of the Chunin Exam as well.**

**Keep the reviews coming folk! Summon reviewers! Summon Reviewers! This story is keeping a good feedback pace, so keep up the good work and review for me bros!**

_**Ja ne!**_

P/S: To make up for the shortness of this chapter! I promised you all to make the next chapter 10k+ plus words!

All hail my fans!
